I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

To Whom it May Concern:

I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly there is a unconstitutional conflict of interest between Donald Trump's responsibility as the President-elect to protect the public interest and his business interests and possible profit from using government property for his private luxury hotels. How can the GSA possibly protect our taxpayer dollars and public resources if Donald Trump Inc. refuses to divest fully from the hotel? I urge you to immediately end its business relationship with Donald Trump and his family.

Sincerely,

To Carol F. Ochoa:

I am writing about the lease for the Old Post Office Pavilion.

What is the GSA planning on doing to protect our taxpayer dollars now, before the next president is sworn in, so that your actions are protected from this next president.

Donald Trump may refuse to properly and fully divest from the hotel and its business, judging by his current actions.

The GSA should immediately and permanently end its business relationship with the president-elect and his family because it presents a conflict of interest that threatens our democracy.

Hello Inspector General of the GSA -

I'm writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the

control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I recently wrote the GSA and got a response that indicates the issue is not being investigated independently of the President Elect and his team:

"Thank you very much for reaching out regarding the U.S. General Services Administration's (GSA) lease at the Old Post Office in Washington, DC.

In 2008, Congress directed GSA to redevelop the Old Post Office building. GSA conducted a fair and open competition, subject to careful and rigorous review, which resulted in the selection of the Trump Organization as the preferred private sector entity to redevelop the Old Post Office. GSA negotiated a lease with the Trump Organization and submitted the details to Congress prior to signing the lease in August 2013.

GSA understands that questions have been raised regarding the lease at the Old Post Office building. GSA looks to coordinate with the President-elect's team to address any issues that may be related to the Old Post Office building.

We appreciate your interest. If you'd like to stay informed on this matter, we will post any updates on GSA.gov."

Thank you!

Best regards,

Dear Carol F. Ochoa, Inspector General for the GSA

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. I am asking you to ensure that the GSA end its business relationship with Donald Trump and his family immediately. I am concerned about the conflict of interest that President-Elect has with owning this hotel, and many other business dealings, especially as he is currently refusing to divest fully from the hotel. I do not think it's appropriate for him to place his company under the control of his children either.

What is the Inspector General for the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

Thank you for your time and consideration.

Best Regards,

Subject: Trump International Hotel lease at Old Post Office Pavilion

---

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. If Mr. Trump refuses to establish a blind trust or to otherwise fully divest from the hotel, the GSA must recognize the conflict of interest and violation of the terms of the lease and end its business relationship with Mr. Trump, his family and his business.

Thank you for your time and attention.

Good morning,

I am writing because I am gravely concerned about Donald Trump's conflicts of interests, in particular his lease of the Old Post Office. He cannot be both tenant and landlord.

I'd like to know what the GSA is planning to do to protect the taxpayers money if he refuses to divest himself and his family members.

On behalf of my entire family, I am requesting that the GSA immediately end its business relationship with Donald Trump and his family because it presents one of the biggest conflicts of interests this country has ever seen.

Thank you.

Dear Ms. Ochoa,

I urge you to investigate president-elect Trump's lease of the Post Office Pavilion, which surely violates conflict of interest laws prohibiting elected officials from doing business with the government. Trump should be required to divest fully from the building (and putting his company in the control of his children is not sufficient).

Thank you for doing your part to preserve the separation of profit and governance that is essential for our democracy.

Good morning,

I am writing regarding president-elect Donald Trump's lease on the Old Post Office Pavilion. Trump needs to fully divest from the hotel. What is the GSA planning on doing to protect our taxpayer dollars if he refuses to do this or tries to play his company in the control of his children?

I believe the GSA needs to immediately end its business relationship with Donald Trump and his family because this is a clear conflict of interest that threatens the way the Presidency needs to be run.

I recognize this should be the responsibility of the president-elect. However it looks like he is not willing to take on this responsibility and therefore falls to the GSA to make the right call.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion.

What is the GSA planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

GSA needs to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy!

Dear Ms. Ochoa,

I recently learnt that the Old Post Office Pavilion in D.C. for the Trump International Hotel. Not only does this cozy relationship violate the Constitution, it violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...".

Senators Elizabeth Warren and Tom Carper have written a letter asking the GSA to protect our taxpayer dollars and require Mr. Trump to fully divest from the hotel.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Carol F. Ochoa,  
Inspector General for the GSA:

I am writing about a problem I see coming once President-elect Donald Trump takes office in a few short weeks. Trump's lease for the old post office building, which is now one of his hotels presents a conflict of interest. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? His children are currently working for the transition team. They are not separate enough! I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. This situation is simply wrong. Please do something to correct it.

Trump will be in violation of his lease once he takes office. Turning over the hotel to his children would be an insufficient solution and present a conflict of interest. You must enforce the terms of the lease and remove Trump and any of his family or business partners.

Good morning,

I am writing to express concerns about President-elect Trump's lease for the Old Post Office Building. What is the GSA planning on doing to protect our taxpayer dollars if Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it violates the terms of the lease and presents a conflict of interest that undermines the legitimacy of our democracy.

I'm happy to address any questions or concerns, and look forward to hearing back from the GSA about this issue.

Thanks for your time and attention.

Hello,

I am concerned about Donald Trump leasing of the Old Post Office Pavilion from your department. This represents an unconstitutional conflict of interest since Donald Trump stands to profit from using government property for his private interests.

How will the GSA protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

The GSA should immediately end its business relationship with Donald Trump and his family. I urge you to find a way to rectify this situation before it is too late.

Hello,

*I am writing about President-elect Donald Trump's lease on the old post office building. I am very concerned about the huge conflict of interest presented by the situation - namely the fact that he will be both the landlord and tenant of the building. What is the GSA planning on doing to protect my taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? From what I understand, The lease specifically states that no one elected to federal office may be a lessee. Trump has clearly broken the lease. Additionally, Trump has a well known history and pattern of fraud and mismanagement - there is little doubt those behaviors will change as he gains power over the Federal government. Therefore I am asking that the GSA immediately end its business relationship with Donald Trump and his family. It presents an enormous conflict of interest that raises the specter of Kleptocracy and threatens our democracy.*

Subject: Trump and the Old Post Office Pavilion Lease

---

Dear Ms. Roth,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

As a concerned citizen, I request a detailed response and/or public statement on this issue.

Thank you.

To whom it may concern,

I am writing to express concern about President-elect Donald Trump's lease for the old post office building. I do not trust Mr. Trump's assertion that he will divest from his business holdings. In the past, he has promised that he would place his business in a blind trust, but then said that blind trust would be run by his children, who have already been improperly included in government business for which they do not have security clearances.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a serious conflict of interest that threatens our democracy.

I appreciate your consideration of this matter.

To the General Services Administration,

I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly there is a unconstitutional conflict of interest if Donald Trump stands to profit from using government property for his private luxury hotels. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA should immediately end its business relationship with Donald Trump and his family.

Ms. Ochoa,

I am or writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and

his family because it presents a conflict of interest that threatens our democracy. Trump's conflicts of interest are unprecedented, and should not be accepted without examination.

This situation is completely unacceptable:

**"In 2013, GSA negotiated a lease agreement with Trump Old Post Office, LLC—a private company owned by President-elect Trump and his adult children,"** the Senators wrote. **"In a material term of the contract, GSA requires that no elected officials play a role in the agreement ... However, once President-elect Trump assumes office, he will oversee GSA and have the authority to appoint a new GSA Administrator, which will effectively make President-elect Trump landlord and tenant at the same time."**

All,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. As a citizen and an ethics professional, I want to know what the GSA is planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from this lease or tries to place his company in the control of his children (a violation of every conflicts of interest policy ever written - all of which clearly, and appropriately, include family members in the definition of a conflict).

Please take this significant threat to our democracy seriously. Even the perception of a conflict of interest will have a serious impact on the GSA as well as the office of the president.

Thank you for your consideration.

---

Dear Carol F. Ochoa (Inspector General for the GSA),

I am writing about President-elect Donald Trump's lease for the old post office building. The lease states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel. His plan to just give it to his children is not actually divesting.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: Trump's Lease at Old Post Office Pavilion

---

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear General Services Administration,

I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly there is a unconstitutional conflict of interest if Donald Trump stands to profit from using government property for his private luxury hotels. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA should immediately end its business relationship with Donald Trump and his family.

Hello,

I'm deeply concerned that the new President Elect is in violation of the terms of the lease for the former post office at the Trump Hotel in Washington, D.C.

Terms of the lease state that no elected official may have any interest in the leased property,

and with the new election, this is in violation.

GSA needs to address this immediately and uphold basic steps in our government to avoid corruption and conflicts of interests by an American President.

Thank you for your time.

Dear Mrs. Carol F. Ochoa,

I am writing as a citizen who is deeply concerned for the integrity of our country. Our President-Elect's business conflicts of interests are vast and unprecedented. My understanding is that your office has a role in checking a conflict with the lease for a old post-office building and I would like to know what your plan is should he refuse to divest fully from the hotel or have his children run it.

Today I am reading The Constitution so that I may be better informed and personally responsible for my role in our democracy. It is with great conviction and hope that I ask you also uphold your role of ensuring that our Constitution and our democracy is protected and bolstered. Thank you for your time and service.

Good morning,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Has the GSA considered the fact that it will be a party to potential unethical dealings and mismanagement of taxpayer dollars...not to mention a compromise of the integrity of the office of the President of The United States, and the future of our country if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking the GSA sever its business relationship with Donald Trump and his family because it presents an unconstitutional conflict of interest that threatens our democracy.

Dear Inspector General,

I am writing regarding President-Elect Trump's lease for the old post office building. I hope that the GSA plans to end its business relationship with Donald Trump and his family if he refuses to fully divest from his holdings or tries to place his company in the control of his children. Such an unprecedented situation causes a severe conflict of interest that I strongly believe threatens the democracy of our nation. I look forward to seeing your response on this matter!

Dear Administrator Roth:

I am concerned about the lease that President-elect Donald Trump has for the Old Post Office Pavilion in Washington, DC.

If Mr. Trump refuses to divest from his business holdings, including his interest in his hotel on this property, what does the GSA plan to do to protect our national interest in this property as taxpayers?

If Mr. Trump puts his business holdings in the control of his children but refuses to divest, the concern remains.

The lease states: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." Whether he or his children are managing his holding, he benefits from this lease.

I ask that the GSA uphold the terms of the lease and immediately end its business relationship with Donald Trump and his family in the interest of protecting our democracy from this conflict of interest.

Thank you for your consideration of this important issue.

Dear Carol F. Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

GSA's contract with the Trump Old Post Office, LLC plainly states: "No... elected official of the Government of the United States...shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

I stand with Sen. Elizabeth Warren who sent you a letter on this matter and I urge you to take immediate action.

Thank you for your attention to this matter. The letter is below.

Kind regards,

(b) (7)(C), (b) (6)

Dear Administrator Roth,

We write today to request information on how the General Services Administration (GSA) intends to protect taxpayer dollars and address conflicts of interest in its business relationship with President-elect Donald Trump and his family. Under the terms of a lease agreement GSA executed with affiliates of the Trump Organization to redevelop and manage the Old Post Office building in Washington, DC, it is likely impermissible for this relationship to remain in effect while President-elect Trump is President. Accordingly, GSA should immediately take steps to identify and mitigate any potential conflicts of interest relating to its lease agreement with President-elect Trump, including removing itself from the agreement to avoid any violations of law.

In 2013, GSA negotiated a lease agreement with Trump Old Post Office, LLC—a private company owned by President-elect Trump and his adult children. Under the terms of this agreement, President-elect Trump committed \$200 million to transform the Old Post Office Building in Washington, D.C., into a luxury hotel, and in return received the exclusive rights to run the hotel and retain all profits for a period of at least 60 years. The Trump International Hotel held a grand opening ceremony on October 26, 2016.

The terms of GSA's lease agreement will become problematic once President-elect Trump takes office. In a material term of the contract, GSA requires that no elected officials play a role in the agreement. GSA's contract with the Trump Old Post Office, LLC plainly states:

"No...elected official of the Government of the United States...shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

Federal procurement officials include this clause in lease agreements to avoid the appearance of favoritism or preferential treatment toward federal officials. GSA officials managing the agreement are required to balance their duties to execute the terms of the contract entered into with the building's tenant while also protecting the interests of the building's landlord.

However, once President-elect Trump assumes office, he will oversee GSA and have the authority to appoint a new GSA Administrator, which will effectively make President-elect Trump landlord and tenant at the same time. Terms of the agreement also require annual disclosures of sensitive financial information and for GSA to renegotiate rent adjustments and other payments to the Trump Organization. Such a scenario will present unmanageable conflicts of interest for career GSA officials and President-elect Trump and result in a breach of plain language of the lease agreement.

GSA's relationship with President-Elect Trump is also complicated by two provisions in the Constitution prohibiting the President from receiving additional "emoluments"—salaries, fees, or profits—from either the U.S. or foreign governments. Article II,

Section 1, Clause 7 of the Constitution, states:

“The President shall...receive for his Services, a Compensation...and he shall not receive within that Period any other Emolument from the United States, or any of them.”

Article I, Section 9, Clause 8 of the Constitution—often referred to as the “Emoluments Clause”—states:

“And no Person holding any Office...shall, without the Consent of the Congress, accept of any present, Emolument...of any kind whatever, from any...foreign State.” The lease agreement between GSA and President-elect Trump states that the “Landlord [to whom the Trump Old Post Office LLC, pays rent] shall mean the United States of America.” If the current lease agreement remains, President-elect Trump will receive compensation from the federal government separate from his annual salary, which is prohibited by the Constitution. Foreign governments are also reportedly paying for their official representatives to stay at Trump International Hotel because the property is affiliated with the incoming President—the Kingdom of Bahrain, for example, recently booked space at the Trump Hotel for a reception. Once he takes office, payments from these foreign governments to entities owned by President-elect Trump’s would likely result in a violation of the Emoluments Clause prohibition of payments from foreign governments.

Immediately following his election, President-elect Trump stated he was “not interested in [his] company anymore” and vowed to disentangle himself from his financial assets by setting up a “blind trust—but indicated that he intends to transfer control of his company to his three oldest children, which does not meet the definition of a qualified blind trust. President-elect Trump has recently announced that he will soon leave his “business in total” and provide additional information on December 15, 2016. While the details of this announcement remain unclear, any financial arrangement that places President-elect Trump or his children in charge of the Trump International Hotel will still result in a conflict of interest for GSA as it manages a lease agreement that financially benefits the President.

Despite the execution of the lease agreement nearly three years ago and the announcement of President-elect Trump’s candidacy in June 2015, we are not aware that GSA has engaged in advanced planning to avoid real or perceived conflicts of interest involving the Old Post Office Building lease agreement. GSA has only recently stated that “[p]rior to Mr. Trump taking the oath of office, GSA plans to coordinate with the Office of Government Ethics (OGE) and the President-elect’s transition team to allow a plan to be put in place to identify and address any potential conflicts of interest relating to the Old Post Office building.” However, GSA needs to provide assurances to the American people that your agency will take whatever steps are necessary to protect taxpayer dollars and avoid any conflicts of interests.

To better understand the specific steps that the GSA is taking to address these issues, please provide the following information by December 9, 2016:

1. What guidance has the OGE provided to GSA officials on how to minimize conflicts of interest surrounding the lease agreement?
2. Has GSA received any advice from entities other than the OGE or developed internal guidance? If so, what actions does this advice or guidance dictate?
3. What steps, since President-elect Trump announced his candidacy for president in August 2015, has the GSA taken to investigate potential conflicts of interest with

the Trump Hotel Lease?

4. Legal experts from both Democratic and Republican Administrations argue that Mr. Trump, as President, must divest his hotel-related assets, or place them in a qualified blind trust, to avoid conflicts of interest related to this hotel. Should President-elect Trump refuse to do so, refuse to follow the advice of OGE, or place his company under the control of his children, what actions will the GSA take to address potential conflicts of interest from its lease with Trump Old Post Office, LLC?

In addition to a prompt response to these questions, please provide our staffs with a briefing on this topic during the week of December 12, 2017. Thank you very much for your attention to this matter.

With best personal regards, we are

Sincerely yours,

Elizabeth Warren

Ms. Ochoa,

I am writing regarding President-elect Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Trump and his family because it presents a conflict of interest that threatens our democracy. Thank you for giving this matter the serious consideration it deserves.

I am writing in regards to President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? According to the lease, an elected official cannot receive financial benefits from taxpayer money. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a direct conflict of interest and threatens Trump's ability to serve the American people.

As a concerned American, I ask you to review the legality of the Trump Organization's lease of the Old Post Office Building. And to take immediate action to ensure there is no conflict of interest.

"No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

When President Elect Trump takes office, he will be your boss, and block any attempts the GSA might take in the name of personal profit. I dearly hope that doesn't happen.

Thank you for doing all you can on this.

---

Dear Inspector General Ochoa,

I am a concerned citizen writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. When inaugurated, he will be both tenant and landlord of the luxury hotel he leases from the federal government. The conflicts of interest that this poses are real and immediate, as both American power brokers and foreign dignitaries could use a stay there as an attempt to curry favor with our president by enriching Trump and Trump's family financially. This is extremely dangerous for our democracy.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately enforce its contract provision that states "No U.S. official shall be admitted to any share or part of this Lease or to any benefit that may arise therefrom." Please take a firm stand against Trump's attempts to use his Presidential Office for personal financial gain.

Thank you,

To Whom It May Concern:

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. Not only does this cozy relationship violate the Constitution, it violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel. His plan to just give it to his children is a cop out. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Administrator Roth:

I am writing to inquire as to what the GSA plans on doing to protect taxpayer dollars if Donald Trump refuses to divest fully from the Trump International Hotel (which occupies the Old Post Office Pavilion, which the Trump Organization leases from GSA) or tries to place his company (including ownership of the lease) in the control of his children.

I believe the GSA must immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that sets a dangerous precedent.

Dear Sir or Madam,

I am very concerned about President-elect Donald Trump's lease for the Old Post Office Pavilion.

GSA must immediately end its business relationship with Donald Trump and his family. It presents a conflict of interest that threatens our democracy.

(Much less importantly, Donald Trump may be in breach of contract by holding onto the lease after he becomes the President).

We must not allow basic democratic institutions, such as the prohibition on conflicts of interest, to become eroded. The GSA is one of the few agencies that currently has a legal basis on which to take a stand against this conflict of interest and I strongly urge it to do so.

Best regards,

Hi there,

I'm a US citizen concerned about the conflict of interest presented by President-Elect Donald Trump's lease of the Old Post Office Building from the US government, since we are already seeing signs that it presents a problem (foreign diplomats publicly stating they are staying there to curry favor with him).

I urge the GSA to cut its business ties with Mr. Trump, since his lease clearly includes a clause that prohibits government officials from profiting from this deal, and to ensure that the

solution doesn't simply shift the money over to other members of his family, which would not resolve the conflict of interest.

I am writing about the President-elect's lease for the Old Post Office Pavilion. What is the GSA planning to do to protect our taxpayer dollars if the President-elect refuses to fully divest from the hotel or attempts to place his company in the care of his children (which is not at all a blind trust, and does nothing to diminish concerns about conflicts)?

I am asking that the GSA immediately end its business relationship with the President-elect and his family members because it threatens a significant conflict of interest that threatens our very American values. I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: Donald Trump's dangerous conflict of interest

---

Dear Ms. Ochoa:

I am writing about President-elect Donald Trump's lease for the Old Post Office building. As it is, Donald Trump will be, in effect, both landlord and tenant, which represents an unprecedented conflict of interest. What is the GSA doing to address this breach of contract and protect American tax payers?

As a civil servant who works in foreign policy, I'm frankly appalled at the notion that foreign leaders and interest groups are already booking rooms there to curry favor with the President Elect. While the full scope of his foreign dealings and conflicts of interest may take constitutional and business experts to fully disentangle, this lease is relatively straightforward. The GSA has not only an ability, but a duty to protect the integrity of the federal government's procurement process, which means ending the lease arrangement with President-elect Trump now.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy and the values of transparency that drive it. Hold Donald Trump accountable to serve the best interest of this nation and not his bank account.

Thank you for your time and attention.

Hello,

I am emailing to express my concern over President-elect Donald Trump's lease for the Old Post Office Pavilion. I'm concerned because the lease states "No...elected official of the Government of the United States...shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." Clearly, Mr. Trump gains benefit from the lease at the Old Post Office Pavilion which would be a violation of the lease once he becomes president. Indeed, this is something that Representatives Elijah Cummings, Peter DeFazio, Gerald Connolly, and Andre Carson have noted, as well as Senators Elizabeth Warren and Tom Carper. I ask that Inspector General Carol F. Ochoa please begin an investigation into Mr. Trump's business activities with the GSA, so as to prevent any fraud and mismanagement of the GSA.

Thank you in advance for your help.

To Whom It May Concern,

I am writing about President-Elect Donald Trump's lease for the the Old Post Office Pavilion. I am deeply concerned about the likely conflict of interest created by his role as both President AND a business person benefiting from government deals. I would

like to know what the GSA plans to and is able to do to protect taxpayers dollars when and if Donald Trump refuses to fully divest from the hotel or tried to place his company in the hands of his children. Increasingly this appears a likely scenario that will create an immediate threat to taxpayers.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest and threatens the independence of our government and democracy.

I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly there is a unconstitutional conflict of interest if Donald Trump stands to profit from using government property for his private luxury hotels. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA should immediately end its business relationship with Donald Trump and his family.

Dear Ms. Ochoa:

I am writing to express my concern about President-elect Donald Trump's lease for the Old Post Office Pavilion. Can you tell me what the GSA will do to protect our taxpayer dollars in Mr. Trump does not divest from the hotel (or gives control to his children)? I would like to hear that the GSA is ending its business relationship with Donald Trump and his family. This conflict of interest that threatens our democracy.

Hello Ms. Ochoa,

I am writing to you about the Trump International Hotel, or the Old Post Office Pavilion, which is currently under lease from the GSA. Does the GSA have a plan to protect our taxpayer dollars should President-elect Donald Trump refuse to divest fully from the hotel or if he tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Trump and his family. It presents a conflict of interests that threatens our democracy. I feel this is directly your responsibility as the Inspector General of the GSA. Thank you for your time.

Dear Ms. Ochoa,

I'm writing as a citizen and taxpayer to request that the GSA immediately end its business relationship with Donald Trump and his family. This relationship presents a conflict of interest that poses an unprecedented threat to the working of our democracy.

As a Classics professor who teaches college courses on the civilizations of Greece and Rome and how their political freedoms collapsed, I am keenly aware that nothing is rarer or more valuable than a healthy democracy, free from corruption. Dear Ms Ochoa,

I am concerned about the conflict of interest presented by President-elect Trump's lease for the Old Post Office Pavilion. I ask that you ensure the GSA enforce the plain terms of the lease which clearly state that "No...elected official of the Government of the United States...shall be admitted to any

share or part of this Lease, or to any benefit that may arise therefrom...".

President-elect Trump must divest completely from the hotel. Passing control or any interest therein to any family members or others associated with Trump's businesses is insufficient.

I ask that you ensure the GSA immediately end its business relationship with Donald Trump and his family as the conflict of interest it presents is a threat to our democracy.

As a real estate agent (former teacher) in New Jersey, I can only recommend a minimum of three service providers (like home inspectors, attorneys, etc) to my clients and must disclose that I have no financial interest in their businesses. With my pension and real estate income, I make less than \$75,000/year yet a billionaire elected to the highest office in the US can benefit from far greater financial entanglements. How much sense does this make?

To: Carol F. Ochoa, Inspector General

From: (b) (7)(C), (b) (6)

Today I am writing (as well as having called and left a message in your D.C. office) as a very concerned American citizen.

My concern is about President-elect Donald Trump's lease for the Old Post Office Pavilion in D.C..

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for responding to this concern.

Dear Inspector Ochoa,

I am writing to ask that the GSA immediately end its business relationship with Donald Trump and his family. His lease for the Old Post Office Pavilion presents a clear conflict of interest that threatens our democracy. I would like to know what the GSA plans on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children.

---

Good afternoon,

I am writing to request that GSA end any and all business relationships with the Trump family, especially in regards to the lease of the Old Post Office Pavillion. There is a clause in the lease that prohibits any elected official from deriving any benefit from the agreement- this is most certainly a conflict of interest, even if Mr. Trump were to turn over daily operations to his family.

Warmly,

As you both know the constitution states: "*No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...*". This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel. His plan to just give it to his children is a nice-try.

Thanks for your time.

Dear Ms. Ochoa:

I am writing about President-elect Donald Trump's involvement in a lease agreement for the Old Post Office Pavilion, which is owned by the US Government.

As I understand, Mr. Trump will be in violation of this lease once he is sworn into office. The lease of this property states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

I am asking that the Office of the Inspector General investigate the General Services Administration's business relationship regarding this lease with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. **What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children rather than a true blind trust?**

I am asking that the GSA immediately begins acting on the terms in the lease and restructuring its business relationship with Donald Trump and his family because it presents a clear conflict of interest that threatens our democracy. The GSA must not wait until Trump announces how he will handle his business dealings but should make a point to influence his

decision making by making a statement of GSA intent regarding the lease beforehand.

Not only do glaring financial conflicts of interest exist regarding taxpayer dollars, but additionally the US Constitution does not allow for a president to receive gifts from foreign nationals, like those booking Trump's DC hotel in hopes of favorable treatment. And if the GSA does not act to restructure this relationship now **it will be aiding our incoming-president in creating a constitutional crisis.**

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you.

Dear General Services Administration,

I'm writing today to ask the GSA to immediately terminate the lease for the Trump Hotel, at the former post office, in Washington, D.C. The President-Elect is in clear violation of the terms of the lease, which state that no elected official may have any interest in the leased property.

Thank you for your attention in this matter.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. The GSA should immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest. They must completely divest. Placing his

company in the control of his children will not be sufficient -- the President-elect's children are part of his team and there currently appears to be no separation between private Trump family interests and the interests of our country.

Good afternoon,

I am writing about President-elect Donald Trump's lease of the Old Post Office Pavilion. Americans need to know that the GSA will protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or places his company in the control of his children. The government has a long-standing prohibition on entering into business with its employees - in fact, it is my understanding that the lease itself states that no elected official may be admitted to any part of the lease. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your consideration,

Dear Inspector General Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. This relationship violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

---

Good evening, Ms. Roth. I would like to draw your attention to the enclosed article, which appeared in a recent edition of The Atlantic. As the authors (Steven Schooner and Daniel Gordon) make clear, the election of Donald Trump has effectively resulted (or will soon result) in a breach of the GSA's lease for the Old Post Office development. The federal government has a longstanding policy with respect to avoiding any conflicts of interest and that policy has been embedded in the language of the contract itself. It seems to me, without having independently verified any of the term of the contract, the GSA lease presents a textbook example of conflict of interest - the GSA must act.

I'm nothing more than a citizen and a taxpayer here but it does appear clear that the lease with the Trump Organization is a clear violation of conflict of interest prohibitions. As Administrator I submit that you are required to terminate that lease immediately.

Thank you for your time and attention.

Dear Ms. Ochoa:

I am writing to express my concern over President-elect Donald Trump's lease for the Old Post Office Pavilion.

Unless the GSA protects our taxpayer dollars by immediately ending its business relationship with Donald Trump and his family, he may refuse to divest fully from the hotel or try to place his company in the control of his children, scenarios which present conflicts of interest that threaten our democracy.

Please immediately end the GSA's business relationship with Donald Trump and his family.

Hello,

My name is (b) (7)(C), (b) (6) and I am a concerned citizen. I am writing about Donald Trump's lease for the Old Post Office Pavilion. I realize that the current state of affairs puts GSA in a difficult position, but I would ask that GSA immediately end its business relationship with Donald Trump (or any member of his family).

I would also encourage GSA to take action before the unveiling of his "plan" on December 15th to supposedly prevent conflicts of interests. The temptation to settle for compromises after that date will be great. But anything less than a total break of the relationship with Trump will represent a conflict of interest.

Best,

Dear Ms. Roth and Ms. Ochoa:

I'm a lawyer in Los Angeles and a former Assistant US Attorney in New York and LA. I'm writing to request that you terminate the lease Donald Trump has on the old post office building since he may not benefit from it as a US government official. The lease must be terminated by January 21. Please respond with a statement about GSA's intention in this regard. Thank you for your consideration.

Sincerely,

I am deeply concerned about the conflict of interest inherent in President-Elect Trump's lease for the Old Post Office Pavilion. The GSA cannot continue this relationship, nor can it believe a thing that Trump says about divesting. He has said that his children will operate his business interest—not a blind trust!

I ask that the GSA immediately terminate its relationship with Donald Trump and his family to stop this conflict of interest.

I'm contacting you about Donald Trump's hotel lease for the Old Post Office Pavilion. This relationship presents a clear conflict of interest.

I ask that the GSA

- 1) protect our taxpayer dollars and require Mr. Trump (and his family) to fully divest from the hotel
- 2) immediately cease its business relationship with all Trump family members

Should he refuse, what are the GSA's plans to protect us and our taxpayer dollars? Your reply would be appreciated.

Thanks.

To the Office of the Inspector General of the GSA,

I'm writing because I'm really concerned about the conflict of interest posed by Donald Trump's lease on the Old Post Pavilion. I ask that the Inspector General make it clear that holding such property while simultaneously engaging in governance of foreign and special interests presents a clear case of fraud against the GSA and the American people. I furthermore urge the Inspector General to protect the interests of citizens by requiring that the president-elect divest himself and his family from the Pavilion lease.

Subject: Trump must divest in the Old Post Office Building project

---

Dear Ms. Ochoa:

I am writing to express my grave concern regarding President-elect Donald Trump's lease for the old post office building. The GSA must ensure that our taxpayer dollars are protected and that the terms of the lease are enforced. These terms are exceptionally clear: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...".

Donald Trump must divest fully from the hotel. Placing his company in control of his children is not sufficient as this would plainly violate the last clause cited above. Anything less than a complete divestment is a clear violation of the lease.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family. This relationship presents a conflict of interest that threatens our democracy. And I am requesting that the office of the Inspector General for the GSA ensure that this relationship is terminated.

This is a clear conflict of interest as well as a violation of the lease agreement. Donald Trump must divest fully from the hotel. Placing his company in the control of his children is not sufficient.

I am asking that the GSA immediately addresses this issue in a way that protects taxpayers and the ideals that this country stands for.

Hello,

I am contacting you regarding President-elect Donald Trump's lease for the Old Post Office Pavilion.

Mr. Trump needs to divest fully from the hotel and put his company in a blind trust. (One that does not involve his children.)

What are you planning to do to protect our taxpayer dollars if he refuses to do so?

I request that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you,

Dear Ms. Ochoa,

I'm writing with grave concerns about President-elect Donald Trump's lease for the old post office building in Washington, DC. I want to know what GSA is planning to protect taxpayer dollars if Mr. Trump refuses to divest fully from the hotel or attempts to place his company in the control of his children. I'm asking that the GSA immediately end its business relationship with Mr. Trump and his family because it represents an untenable conflict of interest that threatens to undermine our democracy. Trump cannot be landlord and tenant of federal property, both financially benefiting from a lease while effectively overseeing it; this appears to be a violation of the Constitution, no?

Many, many thanks for your work as a public servant for the United States.

Ms. Ochoa

I am wondering how the OIG will be addressing President-elect Donald Trump's lease for the old post office building if Mr. Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Freedom of conflict of interest within the Presidency is an essential part of our government. Early indications of a desire to profit personally while actively running the country deeply compromises this most esteemed office. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. I am concerned that this business relationship presents a conflict of interest between the American taxpayers, represented by the GAO, and the president-elect. To date, Donald Trump has refused to divest fully from the hotel; having his children control his business interests is also insufficient to avoid this conflict of interest. In the absence of adequate steps to remove the conflict of interest presented by Trump's lease on the Old Post Office, I am asking that the GSA immediately end its business relationship with Donald Trump and his family.

Dear Ms Roth & Ms Ochoa

Recently it has come to light that the lease signed by the Trump Organization for the Post Office Pavilion in Washington, D.C. contains a provision that bars any "elected official of the Government of the United States" from deriving benefit from the lease. I have practiced law in the area of contracts and real estate for over 20 years, and from what has been disclosed of the lease terms, it seems quite clear that the lease's plain language ensure that Trump will be violating its terms when he becomes an elected official on January 20, 2017. The difference between Donald Trump and Trump Old Post Office LLC, part of the Trump Organization, a privately owned conglomerate, of which President-elect Trump is chairman, president, and majority stakeholder, is insignificant for purposes of analysis of this contractual issue. Mr Trump stands to gain significant benefit from the contracts and business dealings of Trump Old PO LLC, and the lease terms are clear that this "benefit" must be enjoined when Mr Trump becomes a public official.

The window is rapidly closing on the GSA's opportunity to extricate itself from the Trump lease. In addition to the specific contract clause cited above, a lease in which Donald Trump would, in effect, be both landlord and tenant presents unprecedented and intolerable conflicts of interest. What is the GSA planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA needs to immediately end its business relationship with Donald Trump and his family. We do not need conflicts of interest, particularly those that invite foreign actors to spend money that goes to Trump's personal empire in the hope of currying political favor, to threaten our democracy. Please work with your General Counsel to resolve this mess in favor of the taxpayers, and to cancel the Post Office Pavilion Lease with Trump.

Thanks for your consideration.

I am writing in regard to President-elect Donald Trump's lease for the Old Post Office Pavilion. As I understand it, the GSA contract specifically requires that no elected officials play a role in the agreement. This situation requires your attention as the office responsible for detecting and preventing fraud and mismanagement in the GSA.

Once President-elect Trump assumes office, he will oversee GSA and have the authority to appoint a new GSA Administrator, which will effectively make President-elect Trump landlord and tenant at the same time. If the current lease agreement remains, President-elect Trump will receive compensation from the federal government separate from his annual salary, which is prohibited by the Constitution.

I suggest that GSA immediately take steps to identify and mitigate any potential conflicts of interest relating to its lease agreement with President-elect Trump,

including removing itself from the agreement to avoid any violations of law. I also suggest that GSA immediately end its business relationship with Donald Trump and his family.

GSA must act to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. This situation presents a conflict of interest that threatens our democracy.

Dear Inspector General Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for reading,

I am reaching out to express my concern about President-elect Donald Trump's lease on the Old Post Office Pavilion.

What does the Office off Inspector General plan to do to protect US taxpayers if Trump refuses to divest fully from the hotel or places control of his company with his children?

I ask that the Office of Inspector General acknowledges the conflict of interested and makes a recommendation for ending the business relationship with Donald Trump immediately.

Sincerely,

The Trump family will profit off the government lease of the the Old Post Office while the GSA spends millions on leases for government offices around DC and the country.

The GSA should comply with existing conflict of interest laws and examine their own practices on building leases to better use our resources.

Dear Ms. Ochoa,

I am writing regarding President-elect Donald Trump's lease for the Old Post Office Pavilion. I am asking that you take action to require the GSA to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

While I know the President-elect has indicated that he will separate himself from his business and look to his children to manage his businesses and investments, he has taken NO meaningful steps toward this. In fact, just yesterday, his daughter, Ivanka, continued to participate in policy and political activities - the very opposite of separation.

As unfortunate as it is, we actually cannot trust our President-elect to do the honorable and correct thing here. Please uphold the responsibilities of your office and ensure that he adheres to the law.

Thank you very much.

Dear OIG and GSA, I am writing to protest President-Elect Trump's leasing of the Old Post Office Pavilion. The GSA should immediately end its business relationship with Mr. Trump and his family, as there is a clear conflict of interest. This is an egregious example of Mr. Trump's contempt for proper separation of himself and his family from business relationships—and this involves the government itself. Please act now!

Good morning,

I am writing to voice my strong concerns about President-elect Donald Trump's lease of the Old Post Office Pavilion in Washington, D.C. The lease itself states that "no elected official of the Government of the United States" shall be "admitted to any share or part of this Lease." It would also be a clear conflict of interest to have Trump, as President, appoint the head of the GSA, when GSA employees would then negotiate with Trump's organization or family regarding ongoing payments, as required. The GSA has a responsibility to protect taxpayer dollars and must be in a position to do so fully. If Donald Trump refuses to divest fully from the hotel or tries simply to place his company in the control of his children, I ask that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

This presidency is already in danger of solidifying a plutocracy in America and I think such a turn of events would be heartbreakingly tragic for our country. Dear Inspector General Carol Ochoa,

I am emailing about President-Elect Donald Trump's lease for the Old Post Office Pavilion. Dear Ms. Ochoa and team,

As you may imagine, I am deeply concerned about President-elect Donald Trump's lease for the Old Post Office Pavilion considering his financial stake.

I'm calling upon the GSA to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children.

Please take the steps to immediately end this business relationship with Donald Trump and his family as it presents a conflict of interest that threatens our democracy.

Thank you for your time.

Good day,

I'm writing with regard to President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA's plan for protecting taxpayer dollars if Donald Trump refuses to fully divest from the hotel or otherwise tries to place his company in the control of his children?

Per the Senate Committee on Homeland Security and Governmental Affairs, "Once President-elect Trump assumes office, he will oversee GSA and have the authority to appoint a new GSA Administrator, which will effectively make President-elect Trump landlord and tenant at the same time." If the current lease agreement remains, President-elect Trump will be compensated by the federal government separate from his annual salary, which is expressly unconstitutional.

It is my hope that GSA will immediately end its business relationship with Donald Trump and his family, as it presents a conflict of interest that not only violates the law, but places our democracy at risk.

Thank you for your prompt consideration of this matter.

Kind regards,

Dear Ms. Ochoa:

I am writing to express my concern about President-elect Donald Trump's lease of the Old Post Office Pavilion Lease to the Trump International Hotel. I have read that the Lease prohibits any elected federal official from having an interest in or benefitting from the Lease. If this information is correct, it seems that Mr. Trump must divest himself of his interest in the Hotel by selling it to an independent third party rather than giving his interest to his children. It is up to GSA to enforce the terms of the Lease by insisting that Mr. Trump divest himself of his interest in the Hotel. I hope that we taxpayers can count on you to make sure this happens.

Thank you for your prompt attention to this matter.

Sincerely,

Hi,

As a concerned citizen and registered voter, I am very concerned about President-elect Donald Trump's lease for the Old Post Office Pavilion in downtown Washington, DC.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family, because it presents a conflict of interest that threatens our democracy.

I will be watching for news about an end to this relationship and will be reaching out to my legislators to share my concerns with them.

Thank you,

To: Ms. Ochoa,

I am writing to express my concern about President-elect Donald Trump's lease of the Old Post Office Pavilion. The U.S. owns the Old Post Office Pavilion in D.C. The General Services Administration (GSA) leased it to Trump for the Trump International Hotel.

The law seems pretty clear on this: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

It has already been demonstrated Trump will benefit from this property: leaders of other countries have stated their intentions to stay there specifically because Trump will be president.

I'm writing to ask what the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy."

Thank you for taking the time to read this. And best of luck for the next 4 years. I suspect they are going to be busy ones for you.

---

Hi there,

I'm writing to express my concern over Donald Trump and the Trump Organization's lease of the Old Post Office for use by the new Trump hotel. I understand that the government's lease with the Trump Organization expressly prohibits elected federal officials - including the

POTUS - from holding stake in the lease, or from profiting or benefiting from it in any way.

This appears to be a clear conflict of interest. What steps does your office plan to take to hold Trump and his organization accountable, either forcing him to divest this property from his holdings or to uphold the merits of the lease itself? Will it hold the GSA accountable, forcing that office to terminate its lease with the Trump Organization, on the grounds that the client has broken its terms?

I look forward to hearing your response.

Ms. Ochoa:

I am writing about President-elect Donald Trump's lease for the old post office building.

What is the OIG/GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the OIG investigate and that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I am very concerned about this, and would like to know how this will be addressed, as it is an immediate concern, given Donald Trump will be President in a little over one month.

I appreciate your consideration and look forward to an update on this matter.

Thank you.

I am very concerned about the blatant conflict of interest resulting from President-elect Donald Trump's lease for the old post office building. There is a clear conflict here, and I would like to know what the GSA is planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. Given how soon inauguration is, it is time for the GSA to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. Anything short of terminating the lease undermines the GSA's legitimacy and authority. Please let me know how the GSA intends to proceed.

I understand that you head an independent office responsible for detecting and preventing fraud and mismanagement in the GSA.

The U.S. owns the Old Post Office Pavilion in D.C. The General Services Administration (GSA) leased it to Trump for the Trump International Hotel.

This relationship now violates the lease which states, “No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...” Mr. Trump's plan to give the lease to his children is a violation of this lease.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

This assessment from law professor Laurence Tribe appeared this past weekend and gave a clear explanation of why Trump is in violation of the Constitution:

"It's called the emoluments clause, and it basically says no officer of the United States can be on the receiving end of any kind of benefit, economic benefit, payment, gift, profit, whatever, from a foreign government or its corporations or agents. . . . In this case Donald Jr. or Ivanka or Eric — then there would be a close relationship that could never be disentangled by the American public. *[T]here's simply no way short of absolutely liquidating all of his cash and assets into a blind trust and not handed over to his kids. No*

*way short of that prevents him from being a walking, talking violation of the Constitution from the moment he takes the oath."*

Dear Ms. Ochoa:

I am writing regarding President-elect Trump's lease on the old post office building.

What is the GSA planning to do to protect our taxpayer dollars if President-elect (or President) Trump refuses to divest fully from the hotel?

What if he places his company in control of his children, who are clearly and publicly involved in both the Trump business and the transition of Mr. Trump to the White House?

How does the GSA OIG intend to handle the issue if the GSA declines to address these conflicts properly?

I am asking that the GSA immediately end its business relationship with Mr. Trump and his family because it presents an obvious conflict of interest that threatens our democracy. I am further asking that the OIG perform its proper ethics policing function.

Indeed, as a former attorney representing government contractors, I know that GSA, and your office in particular, takes these issues extremely seriously. To fail to do so here would be to pick and choose who can and cannot violate the rules. In other words, it would tell the

President that, to paraphrase Nixon, when the President does it, it's not illegal.

Please do not let this obvious conflict go unaddressed. Thank you.

Dear Inspector General Ochoa,

I am a voter in Lee County, Florida.

I am writing to you to register my concern with the unconstitutionality (and general lack of ethics) of President-elect Donald Trump's lease of the Old Post Office Pavilion for his hotel.

The potential of this ownership to corrupt American diplomacy has already been clearly demonstrated by the number of foreign dignitaries staying there in an attempt to curry favor with the President-elect. As a member of the international security community, I am horrified.

What is the GSA planning to do to protect my dollars as a taxpayer if Trump refuses to divest from the hotel? Not to mention if he allows his children to maintain control of his company instead of placing it in a blind trust?

Please, please, please, for the love of country and humanity, the GSA must end its business relationship with Donald Trump and his family. The conflict of interest reflects poorly on the GSA and on the American government.

Thank you for your time and consideration.

---

Good morning,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

This relationship violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel.

I am asking that the GSA **immediately** end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: Trump Hotel lease violation

---

Hello,

I'm writing today to ask the GSA to immediately terminate the lease for the Trump Hotel, at the former post office, in Washington, D.C. The President Elect is in clear violation of the terms of the lease, which state that no elected official may have any interest in the leased property. Thank you for your time.

Morning,

I'm writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. **How is the GSA planning on protecting our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?** Trump's continued mixing of business and politics and a complete lack of any history of public service are deeply concerning and make be believe the continued holding of

a government lease is merely one of many conflicts of interest that threaten our democracy.

Thank you,

Dear Carole,

I'm writing in reference to President-elect Donald Trump's lease for the Old Post Office Pavilion.

I ask that the GSA immediately end its business relationship with Donald Trump and his family. Temporarily turning over his company to his children, who have been intimately involved in the transition process, is not divesting his financial interests. If he retains his lease upon taking office it is an unconstitutional conflict of interest.

Thank you for your time and attention to this matter.

Dear Administrator O'Choa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to guard against conflict of interest if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? From the lease:

*"No member or delegate to Congress, or elected official of the Government of the United States or the Government of the District of Columbia, shall be admitted to any share or part of this Lease or to any benefit that may arise therefrom."*

Please, protect the interests of taxpayers--and protect our democracy--by ending this business relationship with Donald Trump.

I am seriously concerned about the President elect refusal to produce all of his tax returns (as has been done by all prior candidates). His inaction on this leads me to believe that there is information that, at the least, would be embarrassing (ex. failure to pay any taxes) and at worst, would be incriminating. Further, he refuses to move all his assets into a true blind trust but plans to have his children control his business interests, a conflict of interest in the most extreme sense as he has allowed his daughter, Ivanka, to sit in on meetings with foreign leaders while refusing the press access.

For the above reasons:

Dear Carol Ochoa, Inspector General,

It just came to my attention, with grave concern, that the old post office pavilion in Washington DC is the location of a Donald Trump hotel, leased to him or his company. In order to keep his future administration of our country in ethical clarity, without sinking in corruption, this relationship must end -- immediately. Because it seems he is unwilling to take appropriate action himself, (which does not mean giving his company to his children), it must fall to you and the GSA to end this. I understand that members of Congress are actively seeking a way forward, and I sincerely hope that your office works toward this in a speedy manner. My further hope is that this will show Mr Trump the way things work in a democracy.

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What are you planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The American people deserve a full statement of condemnation regarding this conflict of interest from your office. Donald Trump and his family threaten our democracy, and oversight offices like yours are more important than ever.

I am very concerned about President-elect Donald Trump's lease on the Old Post Office Pavilion.

I would like to be assured that our taxpayer dollars are protected if Donald Trump refuses to divest fully from the hotel or tries to side-step the law by simply placing his company in the control of his children or other family members.

The GSA must immediately end its business relationship with Donald Trump AND his family. This relationship presents a conflict of interest and is unconstitutional.

Subject: Trump DC Hotel Lease/Conflict of Interest

---

Carol F. Ochoa, Inspector General for the GSA

Dear Inspector General,

I am asking you to terminate Donald Trump's sixty-year hotel lease at the Old Post Office, 1100 Pennsylvania Avenue NW, Washington, DC.

As I am sure you have been made aware in recent news, diplomats are flocking to this hotel in order to curry favor with the President-Elect. There was a reception held just to showcase this hotel to foreign government officials. Furthermore, this past week, Bahrain moved its annual event which was normally held at the Ritz Carlton or other 5 stars in DC to the Trump Hotel. It seem rather too co-incidental that now business is picking up at Trump Hotel after Donald Trump has become President-Elect.

Donald Trump and Trump Hotels present a monumental unprecedented conflict of interest, not just in DC, but all around the globe. I realize that Donald Trump's global business holdings are outside your jurisdiction, however the lease on the Trump DC Hotel is well within your jurisdiction as the Inspector General of the GSA. As if all this is not insane enough, it is unthinkable that Donald Trump will quite literally be appointing his own

landlord for his Trump DC Hotel.

Also reported in the news is that Trump filed a suit about 3 weeks ago to have his DC Hotel property re-valued from \$98 Million to just \$28 Million to reduce taxes in addition to requesting a rebate on taxes already paid. This, simply put, is ridiculous. Trump Hotels agreed to the terms and conditions of the lease as well as the valuation. Now that many visiting diplomats and dignitaries in DC are stating that they would stay in Trump's hotel **simply because they would not like to incur the ire of the incoming President-Elect**, it is evident now, more than ever, that this one single property represents an enormous conflict of interest and that Trump DC Hotel has in fact already become a conflict of interest even before Donald Trump's inauguration.

Therefore, the only logical conclusion is to terminate the 60-year lease on this property immediately unless Donald Trump fully divests himself of all interest in this property, **including that his children are not the beneficiaries of an alleged 'blind trust'**. That is just another Conflict of Interest, particularly with Ivanka constantly being in meetings with her father, an issues I am taking up with various Congressional Representatives and Senators. We all know that the trust, as propounded till date by Donald Trump, is neither blind nor a trust. We have seen the photos taken, not even by American Press but by the Japanese press corps, wherein Donald Trump's daughter, Ivanka, is sitting on in a 'getting to know you' meeting with Japanese Prime Minister, Shinzo Abe. For all we know, they are also conducting Trump business. Whether there is an actual conflict-of-interest, there is the appearance of a conflict of interest, and that is enough for me. Therefore, Ivanka Trump is by no means an impartial disinterested blind trustee. In fact, Ivanka Trump seems to have her fingers in both the Trump financial fortune as well as Trump's diplomatic meetings with critical American allies and heads of state. As per latest reports, she and her husband, Jared Kushner are relocating to DC, instead of staying in NY which is their home, signalling further that the Trumps think Americans voted for dynastic/dictatorial rule.

This state of affairs as is currently being conducted by Donald Trump on behalf of the American citizens and taxpayers not to mention the good name and will of the United States of American is corrupt, rife with conflicts of interest, lacks all integrity. Moreover, their conduct is embarrassing, unconstitutional and quite frankly not only unacceptable but untenable.

When Donald Trump ran for the presidency, he certainly was well aware that his business empire would present a huge conflict of interest. It is he who should divest, not 330 Million Americans who should be told "well you knew this before", when in fact, Donald Trump does not even have the majority of the voter's support. He lost the popular election and will

only be inaugurated due to a glitch in our 'democracy'.

Moreover, every president in modern history has divested himself completely of all questionable assets to avoid even so much as the appearance of conflict of interest or putting his own personal interests before those of the American people, even down to Jimmy Carter's PeanutGate back in the 1970s. Donald Trump's conflicts of interest in just this one Trump DC Hotel property are substantially more greater than a peanut distribution factory in Georgia. I don't remember people flocking to Jimmy Carter's peanut factory to curry favor with the Carter Family.

I am exhausted by listening to the Media and Donald Trump himself try to spin his egregious multi-billion dollar conflicts of interest as somehow the electorate's problem to which we are to adjust. Forget peanuts, Donald Trump and his family are turning the august office of the President of the United States of America into a global laughing stock and a Banana Republic. It must end post haste.

Please treat this matter with your utmost sincerity,

I am writing to echo concerns already raised to the GSA about President-elect Trump's entanglements with the Old Post Office. As raised in the letters from Senators Warren and Carper, and from Representatives Cummings, DeFazio, Connolly and Carson, there appears to be a clear breach of the Old Post Office lease agreement unless Donald Trump fully divests himself from the property; putting the property into a blind trust would still violate the terms of the lease, as would any other arrangement allowing him to continue to derive ANY benefit from the property, whether directly financial or related to his brand. I respectfully request that GSA address this violation and conflict of interest by terminating its business arrangement with Donald Trump and any of his family members.

Dear Inspector General Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. Upon his swearing-in, there will be a clear conflict of interest and violation of the terms of the lease agreement.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

As a citizen of the US, and a tax-payer, I ask that the GSA immediately end its business relationship with Donald Trump and his family, in order to respect the requirements of the Constitution and preserve key features of our democracy.

Sincerely,

(b) (7)(C), (b) (6)

To Whom it may concern -

I am emailing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? This clearly violates the Constitution and sets a very dangerous precedent. This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

A response to this email is requested.

Dear Ms. Ochoa,

I am writing in regard to President-elect Donald Trump's lease for the Old Post Office Pavilion. I'd like to know how the GSA is planning to protect taxpayers' money in the event that Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. I urge the GSA to immediately end its business relationship with the Trump family in order to avoid a conflict of interest that could threaten our democracy.

It is my understanding that you oversee the independent office that is responsible for detecting and preventing fraud and mismanagement in the GSA. I would like to know what you are planning to do with respect to the GSA's current lease with Donald Trump for the Old Post Office Pavilion?

The GSA has a clear path out of this conflictual relationship given the terms of the lease which state, "'No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...'" It is not enough for Mr. Trump to simply place his company under his children's control. Donald Trump must divest fully from the hotel. I am asking that you call for the GSA to **immediately** end its business relationship with Donald Trump and his family because it presents an indisputable conflict of interest that threatens our democracy.

Good afternoon,

I am calling or writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you,

Dear Ms. Roth,

To protect the integrity of the federal government's procurement process -- and, frankly, our federal government itself -- I ask that the General Services Administration end its lease arrangement with President-elect Donald Trump **\*now\***.

**Regardless of any Trump Organization distancing or exit strategy that the President-**

**elect may announce on December 15**, our next President's name would remain as the hotel's name and brand.

The **name on the marquee at 1100 Pennsylvania Avenue** would be the **same as the name of the man occupying the office at 1600 Pennsylvania Avenue**.

Our government must stop this **unacceptable appearance of conflict of interest**.

Thank you for considering these points as you navigate this difficult situation.

I am writing about Donald Trump's lease for the Old Post office pavilion which seems to be a conflict of interest. What is the GSA going to do to protect taxpayer dollars if Trump uses his position as president-elect for his business (or the business of his children's) profit.

Please end the GSA's business relationship with Donald Trump and his family because of the clear conflict of interest as President-elect Trump has been vague and shady about his intentions for his company's control. His words and actions show that he will consider what is good for the Trump brand when considering how to conduct business of the nation.

Dear Inspector General Ochoa,

I am writing today regarding the lease for the Old Post Office building held by President-Elect Donald Trump. I am concerned about the ongoing conflict of interest that this lease presents if Mr. Trump is not required to either abandon the lease or to fully divest his and his family's interest in this lease. The lease is a direct and obvious conflict of interest given the (published) lease term prohibiting an elected official from profiting from the lease: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom."

I would ask that the GSA enforce its lease provision and cancel the lease with the Trump business entity. The commingling of personal business with governmental business affairs is a matter of national integrity.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Please keep America great. Trump's plans promise to do the opposite.

I am writing about President-elect Donald Trump's Old Post Office Pavilion lease.

It seems like an unavoidable and troubling conflict of interest, once he is sworn in. If you are a politician or diplomat visiting DC, of course you are going to stay there to curry favor. The alternative is sending a message by \*not\* staying there.

The language of the contract seems clear: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." For very good reason.

If, as seems likely, Trump refuses to divest himself or merely hands the day to day control of his business to his children, it would seem clear that he's benefiting.

I ask that your office investigate the issue.

Dear GSA Inspector General,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. It goes against all the ethical requirements of a President. It sets a precedent that any public office or civil servant position is something merely to be exploited for one's own benefit rather than as a position with responsibilities for the country as designed.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. It should end before he is inaugurated and can take retribution against you for doing your job.

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Dear Inspector General of the GSA:

I am deeply concerned about the egregious conflicts of interest raised by President-elect Donald Trump's lease for the Old Post Office Pavilion.

To protect the integrity of our government and its contracting system, Donald Trump must fully divest from the hotel. Placing his company in the control of his children, who are involved in the presidential transition process and are expected to play prominent advisory roles in Trump's administration, is not a solution.

American people need to be reassured that President-Elect Trump's business interests will not interfere with his role as the Chief Executive of the United States. To that end, the GSA must immediately end its business relationship with Donald Trump and his family because it presents a clear conflict of interest that threatens the integrity of our democracy.

Please let me know how the GSA plans to protect American taxpayers if President-Elect Trump refuses to fully divest from his hotel at the Old Post Office Pavilion.

I am writing because I am deeply concerned with the conflict of interest in the lease that president-elect Trump's Trump Organization has for the Old Post Office Pavilion. Are there any plans in place in case the president-elect Trump does not divest from the hotel entirely? Asking his children to manage the hotel is not enough in my eyes to avoid conflict of interest. I am writing about President-elect Donald Trump's lease for the old post office building.

The lease states: "no ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom."

Federal contracting regulations mandate that "government business shall be conducted in a manner above reproach ... to avoid ... even the appearance of a conflict of interest in Government-contractor relationships."

It is impossible to fulfill this mandate if the President of the United States owns a hotel down the street from the White House.

What is the GSA planning to do if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

The GSA must immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Ms. Roth,

I am writing to express my concern over the fact that our president-elect and the Trump Organization has leased the Old Post Office in Washington, D.C. and will thereby now be in a position to financially benefit from the conversion of that facility into a hotel. A president of the United States should be mindful of conflicts of interest, both apparent and otherwise. Assuming the Trumps' do not full divest themselves of the property, I would like GSA to provide assurances that our tax dollars will not be used to enrich them, and steps are taken to protect the public treasury from greedy speculators in the future.

Thank you.

To whom it may concern,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? As his children are already intimately involved with his White House transition team and are likely to continue to be involved, it seems unlikely that such a transfer will effectively avoid a conflict of interest. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Sincerely,

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? This not only violates the Constitution but sets a dangerous precedent for ignoring conflicts of interest, of which President-elect Trump has many.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. The fate of our country is at stake; we cannot afford to be passive and silent, and I ask that the GSA act in support of this cause.

Dear Carol F. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. There is already evidence that many foreign diplomats now feel compelled to spend money at Trump hotels in order to have a positive relationship with the President-elect. This is a dangerous and unethical situation.

I'm writing today to ask the GSA to immediately terminate the lease for the Trump Hotel, at the former post office, in Washington, D.C.

The President Elect is in clear violation of the terms of the lease, which state that no elected official may have any interest in the leased property.

In this case the violation of the terms of the lease is even more egregious given the fact that Mr. Trump is not just any elected official. As a tenant the President Elect will have to abide by restrictions regarding what he can do with the building, but as President he will have authority over the GSA. This will have the potential for great conflicts of interest.

Thank you for upholding the legal terms of the contract.

I recently learned about the illegal holding of President-elect Trump of a lease from the GSA for the Old Post Office Pavilion in D.C. This is just one of the many dangerous conflicts of interest our incoming President has - but it's one you can do something about. Giving the hotel to his children is NOT divesting from this asset. Dear Inspector General Ochoa,

I am writing to express my grave concerns about President-elect Donald Trump's lease for the Old Post Office Pavilion.

As I understand it, the contract for the space expressly prohibits an elected official from serving as leaseholder. We've also seen a pattern emerging where the use of the space may be required as an "in-kind" gift by foreign governments who are visiting Washington, DC.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

How will the GSA planning protect our taxpayer dollars if Trump refuses to divest from the hotel or tries to place his company in the control of his children?

The GSA needs to immediately end its business relationship with Trump because it presents a conflict of interest.

Trump needs to move out of the GSA property.

Dear Ms. Ochoa

After reading up on the fiscal and ethical behaviors of past Presidents, I'm concerned about the relationship it appears President-Elect Trump is going to maintain with his business, despite the clear conflicts of interest and already demonstrated impact on American businesses that he lends favor to or from. I ask that the GSA consider the letters from both House and Senate representatives and take action by ending the lease that Trump hotels has with the Old Post Office. Surely there are more hoteliers who would not present such a clear conflict of interest that threatens the underpinnings of our democracy and the basic requirement that the leader of our country not financially benefit from their position, and that they focus on leading the country.

I am sure you are receiving many emails and calls to this effect, and I am sure there are many things which go into the decisions made in your office. Please, should it come to this, consider revoking the lease and ending the business relationship so as to avoid any violations of the agreement already signed between the GSA and the Trump organization, as well as the clauses in the Constitution prohibiting additional emoluments (which I'm pretty sure is going to be word of the year in 2017).

Thank you for your time.

I am writing in regard to . As I understand it, the GSA contract specifically requires that no elected officials play a role in the agreement.

Once President-elect Trump assumes office, he will oversee GSA and have the authority to appoint a new GSA Administrator, which will effectively make President-elect Trump landlord and tenant at the same time. If the current lease agreement remains, President-elect Trump will receive compensation from the federal government separate from his annual salary, which is prohibited by the Constitution.

I suggest that GSA immediately take steps to identify and mitigate any potential conflicts of interest relating to its lease agreement with President-elect Trump, including removing itself from the agreement to avoid any violations of law. I also suggest that GSA immediately end its business relationship with Donald Trump and his family.

GSA must act to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. This situation presents a conflict of interest that threatens our democracy.

Thank you for working to keep America a great democracy,

Dear Ms. Ochoa,

I am writing about my concern for Donald Trump's conflict of interest pertaining to the Old Post Office. Once he becomes president he will essentially be both landlord and tenant. I live near Washington DC and love the Old Post Office and I'm concerned about violations of contract and the protection of historic buildings. I'm also concerned about tax-payer dollars that will have to make up the difference if he uses his power to lower rent or indulge in some other cost-saving venture that will benefit only the Trump Organization and not the American public.

I would request that the GSA end its business relationship with Donald Trump and his family for the above reasons.

I am writing to express my concern about President-elect Donald Trump's lease for the Old Post Office Pavilion. As you are aware, that lease states in part that "No...elected official of the Government of the United States...shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...." Bi-partisan ethical advisers have insisted that Mr. Trump must divest completely from his hotel at that site in order to avoid violating the lease and the Constitution itself. Simply giving the hotel to his children will not alleviate the

conflicts of interest or eliminate these violations.

What is the GSA planning on doing to protect our taxpayer dollars if Mr. Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Mr. Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Denise Roth and the GSA,

I am writing to you because of my concerns about the GSA's relationship with President-elect Donald Trump, and specifically his lease of the old post office building. I want to know: what is the GSA planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am very concerned. I respect the laws of our country and I expect you to act in a way that honors that. The hotel is in violation of the lease. Because of this, I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you,

I am writing about the lease held by President-elect Donald Trump for the Old Post Office Pavilion.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

There is already an appearance of impropriety, with foreign governments who may be seeking to advocate with the President Elect renting the hotel for functions. As examples, the Kingdom of Bahrain and the Embassy of Azerbaijan are both paying substantial fees to host events at the hotel.

Respectfully,

Dear Ms. Ochoa,

I am writing to express my concern about Mr. Trump's involvement with the lease on the Old Post Office building. Now that he is an elected official, it should void the

current lease and given his major conflicts of interest due to his business operations, it seems inappropriate for the lease to continue. I hope it will be voided soon.

Thank you for your time.

Dear Ms. Ochoa,

I am writing to urge the GSA to take action on its relationship with Donald Trump regarding the lease for the Old Post Office Pavilion.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that not only violates the Constitution, but violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

This is not a gray area. Bi-partisan ethical advisors insist Trump - and his family - must divest completely from the hotel.

I am joining with Representatives Elijah Cummings, Peter DeFazio, Gerald Connolly, and André Carson, who sent the GSA a letter on 11/30/16, and with Senators Elizabeth Warren and Tom Carper, who sent the GSA a letter on 12/1/16, in insisting that Mr. Trump and his family must entirely divest from the hotel.

Thank you for your time and for reviewing my concerns. I appreciate the job you are doing.

Subject: Donald Trump's lease of the old post office in Washington, D.C.

---

Dear Ms. Ochoa,

I am writing to you as Inspector General for the GSA. Please prevent fraud and mismanagement in the issue of Donald Trump being both the tenant and landlord of the Old Post office in Washington, D.C.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your time.

Sincerely,

---

Ms. Ochoa:

I have grave concerns about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

This may be a stock letter, but it does, in fact, represent my real concerns about Mr. Trump's conflict of interest. He and his family members should divest themselves of this hotel - now.

How can we trust Trump's decisions, if they are influenced by his business dealings? This is strictly prohibited by law and should be addressed.

Thanks,

Dear Carol F. Ochoa, Inspector General for the GSA,

As a taxpayer and citizen of the United States, I find it unacceptable that President Elect Donald Trump is exploiting the Presidency by being both landlord and tenant of the Old Post Office Pavilion. It is imperative that the GSA protect our taxpayer dollars and require Mr. Trump to fully divest from the hotel. Granting oversight of the building to his children does *not* qualify as divestment. Not only is this conflict of interest in violation of the Constitution, it is also expressly forbidden in the building's contract as elected officials of US Government are not to lease the building in part or whole, or benefit financially from such a charter.

I am asking that the GSA immediately terminate its business relationship with Donald Trump and his family as it presents a blatant conflict of interest that abuses our democracy.

Sincerely,

Ms. Ochoa,

I am concerned about unethical and inappropriate conduct within the GSA reference the clear conflict of interest resulting from Trump's private lease of the Old Post Office Pavilion. We know he has secured official positions for his family, so claiming the family is uninvolved with government matters and fit to run this business is untenable. I am concerned about the GSA's perspective and handling of this situation.

Thank you,

Dear Administrator Roth and Inspector General Ochoa,  
I am writing to express concern about President-elect Donald Trump's lease for the Old Post Office Pavilion and the contractual conflict of interest

given his status as an elected official. Are you taking any steps to address potential conflicts of interest from this lease? I believe the GSA should immediately end its business relationship with Donald Trump and his family, as our democracy cannot allow such conflicts.

Thank you for your time and consideration.

Respectfully,

I am writing about President-elect Donald Trump's lease for the old post office building. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. The lease states: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area; bi-partisan ethical advisers insist that Trump must divest completely from the hotel. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Thank you.

What does the GSA plan to do to protect our taxpayer dollars if Donald Trump refuses to fully divest the hotel or tries to place the company in the control of his children? I do not my hard earned dollars to line the Trumps' pockets, neither do any of us want such a conflict of interest to shadow a presidency or your agency.

I am requesting the GSA to immediately end its business relationship with the Trump family because it is such an anti-democratic conflict of interest.

Hi Ms. Ochoa,

I'm writing re President-elect Donald Trump's lease for the Old Post Office Pavilion. I am asking that the GSA immediately end its business relationship with Donald Trump and his family, unless the divest fully from the hotel. It presents a conflict of interest for the president - who should be serving the public, not enriching himself - and threatens our democracy.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I would hope that the organization will do whatever it can to terminate it's relationship with the Trumps.

Thanks!

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? We have already seen numerous accounts of Trump unethically mixing his pending public office with private financial interests (e.g., the recent event with Mike Pence and the Heritage Foundation at the Trump Hotel, the booking of rooms at the Trump Hotel at extraordinary by foreign dignitaries looking to curry favor with the new administration).

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

To Whom it May Concern:

I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly, there is an unconstitutional conflict of interest if Donald Trump stands to profit from using government property for his private luxury hotels. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA should immediately end its business relationship with Donald Trump and his family.

Dear Ms. Ochoa,

I am writing as a concerned citizen, to ask about the president-elect's lease on the Old Post Office Pavilion. Are you looking into what the GSA plans to do if Donald Trump does not either fully divest from the hotel or put his assets in a true blind trust? I understand this would violate not only the terms of the lease, but the U.S. Constitution's emoluments clause. I hope the GSA is prepared to cancel this lease to prevent a conflict of interest that could be dangerous to our economy.

I know you must be very busy, but if you have time to inform me of your office's position on this, I would love to hear from you.

Good morning, I am concerned that to date, the President elect has demonstrated wanton neglect of typical ethical standards regarding the avoidance of conflict of interest. It is important that the General Services Administration then, take action to prevent conflicts of interest around the Old Post Office Pavilion, with which it maintains a relationship with the President elect. I would like to hear what plans the GSA has to mitigate this conflict. Thank you,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Inspector General's Office:

As a DC resident I am appalled at the potential conflict of interest, not to mention problematic use of DC taxpayer dollars, that Donald Trump's ownership of the Trump Tower while he is President of the U.S. occasions. I am asking the GSA to immediately end its business relationship with Mr. Trump and his family, as their continued engagement with the Trump Tower is clearly in violation of ethical standards and the conditions of the lease signed by him.

Dear IG Ochoa,

I want to include my name among Americans who strongly object to President-elect Donald Trump's lease for the Old Post Office Pavilion. I want to know what steps are being taken to protect US taxpayers from this egregious conflict of interest. As a parent, I find it insulting to claim that placing operations of assets in the hands of one's children to be any way, shape or form divestiture. People build fortunes for their legacy - to pass on to their children!

Please report back on what steps GSA's management is taking to immediately end its business relationship with Donald Trump and his family. Without checking this sort of conflict of interest, the US is sliding into 3rd world country style corruption.

---

To Whom It May Concern,

I am writing about President-elect Donald Trump's lease for the old post office building. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

The lease states: "No ... elected official of the Government of the United States ... shall be

admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

This is not a gray area; bi-partisan ethical advisers insist that Trump must divest completely from the hotel. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

Thank you,

*I really don't think it's appropriate that our soon-to-be president has a business relationship with the GSA. I also don't think it'd be appropriate for our soon-to-be president's children have that relationship, so Mr. Trump transferring his company to the control of his children won't solve the problem.*

*I DO think it's important that we avoid a conflict of interest, or as they teach in the ethics course for federal employees, avoid what could even \*appear\* to be a conflict of interest. If the federal employees are held to this standard then the President should be as well.*

*Please end our government's business relationship with Donald Trump if he refuses to divest fully from the hotel.*

Dear Ms. Ochoa,

I am a US citizen and voter, writing President-elect Donald Trump's lease for the old post office building to inquire about the GSA's plan to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Having recently read the letter from Representatives Elijah Cummings, Peter DeFazio, Gerald Connolly, and André Carson, I share their concerns about the conflicts of interest and apparent breach of lease in having an elected official of the US Government deriving clear benefits from the private use of the property.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I look forward to your response, and thank you for your service to the American people.

Dear Ms. Roth:

I am a US citizen who is very concerned about President-Elect Trump's lease of the Old Post Office Pavilion in Washington, DC, for the hotel development. His continuing to lease the building as President will violate the constitution and the lease itself. What is the GSA prepared to do to prevent this serious conflict of interest? I expect the GSA to end its business relationship with the President-Elect immediately. Thank you for your time and consideration of this important matter.

To Whom It May Concern -

I am writing about President-elect Donald Trump's lease for the old post office building. I am concerned that the President-elect's lease of the building for a hotel both presents an opportunity for domestic and foreign supplicants to ingratiate themselves to the President-elect, and I am also concerned that the President-elect and his family will personally profit from a contract with the government.

I am writing to inquire what the GSA will do to protect our taxpayer dollars if the President-elect refuses to divest fully from the hotel or tries to place his company in the control of his children. I am asking that the GSA end its business relationship with the President-elect and his family because it presents a conflict of interest.

Subject: Prevent Conflict of Interest

---

Dear Ms. Roth and Ochoa,

I am concerned about the Donald Trump's many conflicts of interest in his role as President-elect and an international business/property owner. Specifically, his lease for the old post office building is in violation of his contractual obligations in that property. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to FULLY divest from the hotel or tries to place his company in control of his children? How will the GSA prevent him from "double dipping" by leasing back his own private jet and Trump tower? These actions are clearly "working the system," especially from a man who refused the Presidential salary. I am asking that the GSA immediately end its business relationship with the ENTIRE Trump family because this is a conflict of interest that threatens our democracy. I'm asking the GSA to refuse to pay the Trump corporation for services, such as flights, offices, and residences. I am asking that as the President, he receive his salary and divest of all other private and personal business interests and relationships that are in direct and indirect conflict for his role as POTUS. Your consideration and reply is greatly appreciated.

Very sincerely,

Dear Ms. Roth and Ms. Ochoa,

I am writing to ask that the GSA be prepared to terminate its lease on the Old Post Office Building in Washington D.C. if President-Elect Trump does not fully divest himself, his family, and his corporate interests from it. As I understand it, the lease specifically prohibits the lessee from occupying federal office, and so with his election, the PE is now in material breach of the lease terms. If the PE proves unwilling to divest voluntarily and promptly, I trust the GSA will be prepared to defend the interests and assets of U.S. citizens and taxpayers by terminating the lease with all speed. Thank you for your attention.

Dear Ms. Ochoa

I am concerned with the fact that President-elect Donald Trump is leasing the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am writing to ask that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Ms Ochoa,

Given Donald Trump has stated how much he uses politics to further his own interests what is the GSA doing to prevent Old Post Office Pavilion in D.C. being used in a way that is a direct conflict of interest? I am troubled by how the new president-elect seems to be a richer version of Duerte who will exploit his position to undermine democracy in USA, and, through example and nepotism, undermine democracy movements throughout the world.

What will the GSA do to ensure that Donald Trump does not exploit US assets for personal gain in this particular instance?

Best wishes

Dear Ms. Roth and Ms. Ochoa,

I call on the General Services Administration and the Inspector General of the General Services Administration to protect transparency in government and indeed, our democracy by insisting that the General Services Administration terminate President-Elect Trump's lease with the U.S. Government for the Trump International Hotel Building in Washington, D.C. in accordance with the provision in the lease that specifically bars any "elected official of the Government of the United States" from deriving "any benefit" from the agreement.

I call on you to immediately address the concerns of the American people regarding the plethora of conflicts of interests that are arising as the result of President-Elect Trump's refusal to distance himself from his extensive business holdings. As we all know, putting family members, who are also implicated in the daily business of the transition team, in charge does not in any way accomplish this task.

It is the particular duty and moral responsibility of all citizens and government bodies to insure government transparency, to prevent not only corruption, but also the impression of corruption. Everyone must work together to insist that President-Elect and then President Trump respects the rule of the land and our great democracy.

Best regards,

Good Evening,

As a lifelong resident of the DC Metro Area, I have many fond memories of visiting the Old Post Office for concerts, events, and dining. That's why I'm writing about President-elect Donald Trump's lease for the Old Post Office Building.

Specifically, I respectfully ask what the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

**Finally, I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that creates a poor precedent going forward.**

I appreciate you taking the time to read my concerns.

I am writing about President-elect Donald Trump's lease of the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of

Dear Ms. Ochoa,

I am writing to express my concern over President-elect Trump's lease for the old post office building. It is my understanding that no elected official in the U.S. Government can be a party to this lease. What is the GSA planning to do about this conflict if Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end this business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Sincerely,

Dear OIG Staffers,

I am writing to you today concerning Donald Trump's lease for his hotel in the old post office building. I am concerned about the legal conflicts arising from this lease when he assumes the presidency in January. I am writing to ask what the GSA is planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children instead of using a blind trust. I am requesting that the GSA immediately end its business relationship with Donald Trump and his family due to the conflict of interests which I believe threaten our democracy.

Thank you very much for your time.

---

Dear Ms. Roth and Ms. Ochoa:

I am adding my voice to so many others to urge the GSA to take immediate action to address the impending constitutional crisis if Donald Trump does not divest himself and his family from any interest in the old post office building. To continue to profit from the public real estate, when he will be leading the executive branch of government, is not only an incurable default under the lease, it creates an impossible conflict of interest, and degrades and diminishes the essential foundations of our democracy. What is the GSA's plan if, as appears to be the case, he refuses to divest? What action will the Inspector General take to avoid this looming constitutional crisis?

Millions of citizens are counting on you to take action to address this problem. Please take action now. Thanks very much.

Carol F. Ochoa  
Inspector General for the GSA

Dear Ms. Ochoa,

I have been concerned about seeming disregard for the office of the President, the constitution and the people that President-elect Trump is supposed to serve.

The matter I am writing about today, in this missive, is his lease for the old post office building. He has publicly stated that he enjoys the money he makes from it, and knows he makes more money with his political career. I don't claim to know the law, but hearing that many State Senators are saying that this is a conflict of interest makes me wonder. How much of his Presidency will then be governed based on what is to HIS benefit, and the benefit of his companies, as opposed to what is best for the people of the United States. I don't think that is what a democracy is all about.

Thank you for your time,

To: General Services Administration,

I am writing because of a concern for the unethical nature of leasing the Old Post Office Pavilion in D.C. to Donald Trump for the Trump International Hotel. My understanding is that the lease states "No...elected official of the government of the United States ...shall be admitted to any share or part of this lease, or to any benefit that may arise therefrom..." I am asking that ethical advisers be consulted in this matter to protect taxpayer dollars. Donald Trump, the President elect, along with his children must divest from the hotel.

I am also including Carol Ochoa, Inspector General for the GSA in this email as this office is independently responsible for detecting and preventing fraud and mismanagement in the GSA.

Dear GSA Committee Members,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for immediately addressing this crucial matter.

---

Dear GSA Inspector Carol,

I am writing about President-elect Donald Trump's lease for the old post office building. As I am sure you are aware, as president, Donald Trump will essentially serve as landlord for this property that he is also currently a tenant of and from which he serves to gain significant financial benefit. I am sure you are also aware that this violates both the United States constitution and the lease of the property.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children?

I am asking the GSA to immediately end its business relationship with Donald Trump and his family because it presents a clear conflict of interest that threatens our democracy. This is a crucial step for both preventing fraud and mismanagement.

I look forward to hearing from you about your planned response to protect the sanctity of our democracy.

Subject: Prevent Conflict of Interest

---

Dear Ms. Roth and Ochoa,

I am concerned about the Donald Trump's many conflicts of interest in his role as President-elect and an international business/property owner. Specifically, his lease for the old post office building is in violation of his contractual obligations in that property. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to FULLY divest from the hotel or tries to place his company in control of his children? How will the GSA prevent him from "double dipping" by leasing back his own private jet and Trump tower? These actions are clearly "working the system," especially from a man who refused the Presidential salary. I am asking that the GSA immediately end its business relationship with the ENTIRE Trump family because this is a conflict of interest that threatens our democracy. I'm asking the GSA to refuse to pay the Trump corporation for services, such as flights, offices, and residences. I am asking that as the President, he receive his salary and divest of all other private and personal business interests and relationships that are in direct and indirect conflict for his role as POTUS. Your consideration and reply is greatly appreciated.

Very sincerely,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if he refuses to divest fully from the hotel and tries to place his company in the control of his children? I am requesting that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest and is a breach of ethics. Allowing this relationship to continue threatens the principals on which our democracy is based. Thank you.

Hello,

I am writing to you about President-elect Donald Trump's lease for the old post office building in Washington, DC (I am a resident of DC). Given that the government owns the Old Post Office Pavilion and that the GSA has leased it to him, what is the GSA planning on doing to protect our taxpayer dollars if he opts not to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family, because now that he is the president-elect it presents a conflict of interest that threatens basic principles of our democracy.

Good day,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? This just reeks of nepotism and is illegal according to the Constitution of the United States.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Please do what is right for America, not an individual who wants to profit off of a government position.

Thank you!

I am writing to express my concern about Donald J. Trump's refusal to fully divest his and his family's interests from the Trump International Hotel, despite the fact that he is now an elected official. I believe that it is the GSA's responsibility to end its business ties to Donald J. Trump's company, whether it is under his personal control or his children's. This conflict of interest is unethical and is not in the interest of the American people.

Thank you for your attention to this matter.

---

I am writing about President-elect Donald Trump's lease for the old post office building.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Both of these scenarios would constitute a conflict of interest and, seemingly, a breach of the GSA's lease with the President-elect's corporation. Once President-elect Trump is sworn into office and oversees the GSA, he would effectively be the landlord of the property that he is leasing and could provide himself with material gain at the expense of the American people.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Best,

Hello,

I am writing because Donald Trump has leased the Old Post Office Building, clearly representing a conflict of interest as he will be an employee of the US government.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children--a ridiculous smokescreen to hide his interests?

I believe the GSA should immediately end its business relationship with D. Trump and any associated businesses, as it clearly represents a conflict of interest.

You wouldn't dare profit from your work and either would I. It's unethical and needs to be stopped.

Please do your job to stop it. We are all counting on you to trying to make this ridiculous situation just that little more fair for the people of the United States.

---

It is imperative that the GSA immediately end its business relationship with Donald Trump and his family and terminate the lease on the Old Post Office Pavilion. I have heard reported that the lease has a clause: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...".

As Trump's children are a part of his transition team and are sitting in on meetings with world leaders, the lease should be terminated even if Trump gives them the hotel. Not doing so presents a conflict of interest that threatens our democracy.

Thank you.

Administrator Roth and Inspector Ochoa:

I am writing about President-elect Donald Trump's lease for the Old Post Office building.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his

company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your time, consideration, and support.

Dear Ms. Ochoa,

I am writing about the lease of the Old Post Office building, currently held by President-elect Donald Trump. What does the GSA intend to do if Mr. Trump refuses to fully divest from the hotel or places the hotel in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Your attention to this matter is greatly appreciated.

Hello,

Since Mr. Trump shows no sign of liquidating his assets and setting up a blind trust, please do your utmost to see that the Trump Group engages in no activity that could be construed as benefitting from a Trump Presidency. For example, the lease on the Old Post Office building at the corner of Pennsylvania Avenue should be terminated immediately.

I would ask that you do everything within your power to see that the GSA protect American taxpayers dollars and our democracy in this situation. Subject: Unethical lease held by Donald Trump

---

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Sincerely,

Dear Carol Ochoa:

I am writing because I understand that you are responsible for oversight of the GSA, and that any issues of fraud are under your purview. I ask you to make sure that the GSA enforces the terms of the contract for the Trump Hotel / Post Office, which states that no elected US official may be involved in negotiating the lease or may benefit from the arrangement. Clearly the GSA must end the contract before January 20, unless Donald Trump entirely disinvests himself from this holding. The notion of his remaining an owner, or even passing responsibility for this hotel to his children, is a real threat to our democracy -- it would be a clear sign that our government, beginning with the GSA, will let him do anything he wants to do, even if it's illegal. Please enforce the contract and please don't be responsible for starting a precedent from which there's no going back.

Thank you.

Not only does this cozy relationship violate the Constitution, it violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area - bi-partisan ethical advisers insist that Trump must divest completely from the hotel.

Thank you for taking administrative action on this issue.

Hello Ms. Ochoa,

I am writing to you today to ask what the General Services Administration plans to do if President-elect Donald Trump refuses to divest fully from the lease he has on the old post office building. How will the GSA protect our taxpayer dollars from benefiting Mr. Trump's private interests should he refuse to put his business in a true blind trust instead of leaving it to his children? I ask that the GSA immediately end its business relationship with Donald Trump and his family in order to protect the American people from the conflict of interest presented by his business dealings there.

Thank you,

I am writing about President-elect Donald Trump's lease for the old post office building.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that violates the constitution. Or move to impeach him if he indeed becomes president and continues this relationship.

Thank you for your time.

Good evening,

I am writing in regards to President-elect Trump's lease for the old post office building here in Washington, DC. What is GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel, or tries to place his company in control of his children? As a citizen and taxpayer, I am deeply concerned about the conflicts of interest in play.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family, because it presents a threat to our democracy.

I am extremely concerned about this conflict of interest in the president-elect having a lease on this U.S. property. I request that the GSA terminate this lease immediately.

As well I request that his business interests be investigated thoroughly. Giving his adult children control is NOT an answer. There is already concern about his comments to foreign government representatives that indicate a misuse of his influence to profit his business interests.

I find the situation appalling.

Thank you!

---

Dear Inspector General Ochoa,

I am writing to register my strong concern for President-elect Donald Trump's lease of the old post office building. Your office is responsible for detecting and preventing fraud and mismanagement in the GSA, and President-elect Trump is positioned to exploit the powers of the presidency by being both landlord and tenant of the old post office. How does the GSA plan to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? [Clause 37.19 of the contract between GSA and the Trump Organization specifically says that no elected official of the United States government shall be party to, share in, or benefit from the contract.](#) President-elect Donald Trump's violation of the terms of the contract could not be clearer, and [I am asking that the GSA immediately end its business relationship with Donald Trump and his family](#) because it presents a dangerous conflict of interest that threatens our democracy.

Thank you for upholding the public interest by investigating and ending all business dealings with the Trump Organization,

Subject: Trump hotel in old post office

---

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I believe foreign countries will use his ownership of the hotel to gain favor with Donald once he is president and I think this will put those that dont stay at his hotel at a disadvantage. I don't believe a business owned by the government should be used in this manner and I think it is your duty to end the conflict of interest now.

Thank you,

Subject: Trump's lease on Government owned property

---

I am writing about President-elect Donald Trump's lease for the old post office building. The constitution and the lease specifically state: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." This is not a gray area. Even bi-partisan ethical advisers insist that Trump must divest completely from the hotel. He should divest from all of his international business dealings as well.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? Placing control with his offspring is not divesting or "blind." I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for protecting our democracy. Please do not be bullied by this man.

Dear Ms. Roth and Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. The issue of Mr. Trump's potential conflicts of interest is of paramount concern to me. Considering the relentless investigation of Secretary Hillary Clinton's possible conflicts of interest over the course of her career in public service, it is difficult to believe that a businessman with as many financial interests in other countries as Mr. Trump is not being given any scrutiny at all by our government.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you.

Having a person who is both a vendor to and executive of the federal government is a clear conflict of interest and breach of the public trust. I am acutely concerned about the conflict of interest posed by Donald Trump's lease for the old post office building administered for US taxpayers by the GSA. Trump's family is essentially no different from him in business relationships, as they are intimately involved in his planned administration, he will hardly forget that he owns the business housed there.

I ask that the GSA immediately end this business relationship, and any others that exist, with Donald Trump and his family to protect our democracy from a corruption of the separation of powers in government.

Hi Ms. Ochoa -

My name is **(b) (6), (b) (7)(C)** and I'm writing to you from the great state of Illinois. I have several serious concerns about President-Elect Trump's lease of the old Post Office Pavilion in D.C. - concerns that are shared by many of my fellow citizens and elected officials.

At issue is the fact that not only will Mr. Trump now be his own renter and landlord at the same time (yikes), but he will also stand to profit off his role as President by tacitly or otherwise encouraging foreign heads of state and anyone who wants a governmental favor to stay in his hotel when visiting him on official business. This is a dangerous threat to our democracy and, as I understand it, a direct violation of the building's lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

In light of these serious conflicts of interest, and their legal and Constitutional implications, I am asking that the GSA immediately end its business relationship with Donald Trump and his family. I hope your office will support this effort.

Thank you for your time.

Hello -  
I am a U.S. citizen demanding that the GSA immediately end its business relationship with Donald Trump, and with his family, because it presents a conflict of interest that threatens our democracy.

Please step up on President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

Thank you,

Dear Carol F. Ochoa

I am writing to express my concern about President-elect Donald Trump's lease for the old post office building. What is the General Services Administration planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the General Services Administration immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. I am also asking and expecting that the office of the Inspector General for the GSA is working to prevent this fraud and mismanagement of a Federal lease.

To the Office of the Inspector General,

Like many other Americans, I am writing with grave concerns about President-elect Donald Trump's lease for the old post office building, now currently a Trump-branded hotel.

President-elect Trump and his family have shown no willingness to fully divest from their interests in the hotel. As a now elected official, this is in direct violation of the terms of its lease. Furthermore, the possibility that this could lead to his personal enrichment by individuals from foreign countries would be a violation of the Emoluments Clause of the United States Constitution. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. Thank you very much for your time and consideration of this important issue.

I am writing to share my thoughts on Donald Trump's lease of the old post office building in Washington DC. Since he is now an elected official it's a conflict of interest for him to maintain any stake in the old post office.

I am asking the GSA to immediately end its relationship with Donald Trump and his family to avoid violating the Constitution and to protect our democracy.

In addition I urge you to reply to the letter from Elizabeth Warren and Tom Carper and fully address their questions.

Thank you for your hard work and please do the right thing. Force an end to your business relationship with Donald Trump.

I am writing about my concerns regarding the conflict of interest inherent in President Elect Donald Trump holding a lease for the old post office building. I would like to know what steps are being taken to protect American taxpayers should he refuse to divest fully from the hotel. So far, he seems to still be very much involved in his business dealings as do his children. And we already see the pressure that foreign diplomats feel to ingratiate themselves to his administration by booking rooms and planning events at this property. I would ask that the GSA sever its business dealings with Donald Trump and his companies to protect our democracy and prevent corruption.

Thank you for your time and consideration.

Subject: Trump's Lease

---

I am calling writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Sincerely,

Hello,

I am a concerned voter writing about President-elect Donald Trump's lease for the old post office building.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children?

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Even the blatant appearance of a conflict and impropriety threatens America and the integrity of our government.

Thank you in advance for taking action on this.

To whom it may concern,

I am writing about President-elect Donald Trump's lease for the "old post office building". Please ensure that the GSA does its job to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. I have written the GSA asking that they immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

I strongly urge the GSA to terminate the 60-year lease of the post office pavilion where Trump Hotel is located. The lease terms clearly require GSA to take action when a government official, or even his children, are involved as the President-elect is. In addition, this is an ethical imperative. Honoring the letter and intent of the lease requirements is essential to maintaining the rule of law. The absence of appropriate strong action will severely undermine trust in the integrity of GSA and our government.

Dear Ms. Roth,

I am writing to ask that the GSA immediately end its business relationship with President-elect Donald Trump and his family because it represents a conflict of interest that threatens our democracy.

I have no faith that Donald Trump will divest fully from the hotel. Placing his company in the control of his children in no way removes this conflict of interest, especially given the central role they are playing on the Presidential transition team. To date, the President-elect has proposed no other remedy for this situation, leaving me to believe he either doesn't understand what constitutes a conflict of interest, or doesn't take such conflicts seriously.

I sincerely appreciate all your hard work on behalf of the American People!

Thank you for hearing me out.

Subject: The Old Post Office in DC

---

Dear Ms. Roth,

I am writing about President-elect Donald Trump's lease for the old post office building. So far, Donald Trump has refused to divest himself and his children from his hotel and other assets in his company. I believe that the lease states: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..". I also understand that this relationship violates the Constitution.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family, as it presents a conflict of interest that threatens our democracy.

Sincerely,

I am writing about President-elect Donald Trump's lease for the Old Post Office Building. I'm concerned as this seems like a true conflict of interest and abuse of his position to profit in this way off his position. Clear mismanagement of funds and interests. Please look into it and I hope that you recommend to the GSA to no longer do business dealings with him.

Thank you!

Hi,

I'm just writing because I'm concerned about Trump's conflicts of interest with the US government, specifically the hotel at the old post office. I think the GSA should take proactive action to ensure no conflict of interest, and publicize that action before Trump's inauguration. The best way would be to immediately end the business relationship with Donald Trump.

This presents a conflict of interest, and in fact is not constitutional. President Elect Trump has heretofore not shown any signs of divesting, this clearly un constitutional. Anything that threatens our Constitution must be taken very seriously. Please take action in this matter. Thank you.*

Dear Ms. Ochoa,

I am contacting you about President-elect Donald Trump's lease for the old post office building. I support the call from Senators Tom Carper and Elizabeth Warren in their letter to the GSA dated December 1, for the GSA to 'immediately take steps to identify and mitigate any potential conflicts of interest relating to its lease agreement with President-elect Trump, including removing itself from the agreement to avoid any violations of law.'

Becoming "both landlord and tenant" as Senators Warren and Carper point out, is problematic when federal procurement leases benefit federal officials, and also promises to breach 'two provisions in the Constitution prohibiting the President from receiving additional "emoluments"', such as when representatives of foreign states reside or hold functions at this hotel, as the Kingdom of Bahrain has recently.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a clear and ongoing conflict of interest that threatens our democracy.

Dear Inspector General Ochoa,

I am writing in regards to the violation that exists in the contract of President-elect Donald Trump's lease for the old post office building while holding an elected office. What action(s) does the GSA plan to take to protect our taxpayer dollars and the integrity of the Office of President if Donald Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children (whom he has made part of his transitional team)? I am asking that the GSA respect the contract as written and immediately end its business relationship with Donald Trump and his family. It presents a conflict of interest that threatens our democracy and the integrity of our institutions.

Thank you,

I am writing in support of the letters sent by [Representatives Elijah Cummings, Peter DeFazio, Gerald Connolly, and André Carson](#) on November 30th and by [Senators Elizabeth Warren and Tom Carper](#) on December 1st. It seems clear that the terms of the lease make this an obvious and dangerous conflict of interest, even if (as the letters above point out), he puts the hotel in trust or transfers it to his children, and that as things currently stand this is a violation of both the lease and the Constitution. I urge you to take the Representatives' and Senators' concerns seriously and address them quickly; this is a matter of concern for the entire country.

Re: President-elect Donald Trump's lease for the old post office building.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. The President of our country must work for the people not for the profit of his business interests. I believe the lease explicitly states that elected officials cannot be a party.

This president-elect is surely presenting issues that the GSA has not seen before. I ask you to protect the taxpayers by ending this lease.

Good day,

I am writing about President-elect Donald Trump's lease for the Old Post Office in Washington, D.C., where the Trump International Hotel was constructed. That lease — in which Trump would, in effect, be both landlord and tenant — now presents unprecedented and intolerable conflicts of interest.

I've sent a message to GSA Administrator Denise Roth asking that the agency immediately ends its business relationship with the Trump family because it poses a conflict of interest that threatens our democracy. I'm asking you to ensure the agency follows through and terminates the lease.

Ms. Roth,

I understand that the lease between the GSA and the Trump organization rules out elected officials benefiting from the agreement. What is the plan for the GSA to uphold that element of the agreement once Donald Trump is inaugurated? Given how the Trump organization describes passing control to Donald's children as effective enough to remove conflict of interest, it doesn't seem appropriate that that transfer is enough of a resolution for this conflict.

Thanks for your service,

This is only one of the myriad of examples of the conflicts of interest Mr Trump has unless he fully divests from all of his business holdings and creates a clear demarcation of business from his family. The implications of NOT acting on this are dire for our national security. The US has not elected him to host a TV show and enrich himself at our expense. He MUST FULLY DIVEST.

Hello,

I am writing to express my concerns regarding President Elect Trump and his business interest in the Old Post Office Pavilion.

As a longtime resident in the Washington DC metro area, I'm well aware of the proximity of the Old Post Office to the White House and Capitol. I remember well the night a performance of aerial dancers several years ago. It's a beautiful building with a rich history in our nation's capitol.

What is the GSA planning to do to protect our taxpayers money if Donald Trump refuses to divest his interest in the luxury hotel or if he turns the controls over to his children? I see this as a huge conflict of interest that a president should avoid even the appearance of potential misconduct. For Trump to make financial gains on such an endeavor is very disturbing.

Please end all business relations with Donald Trump and his family because it presents a conflict of interest and weakens our democracy.

I am writing about President-elect Donald Trump's lease for the old post office building. I am alarmed by this, and all of his other conflicts of interest. I am deeply troubled by his insistence that a blind trust would allow his children to run the Trump empire. This is not a blind trust. We, the American people, are not idiots. We are keenly aware of the lies being fed to us.

I ask the GSA to immediately end it's business relationship with Donald Trump and his family because it presents a serious conflict of interest that threatens our democracy. Those who silently stand by and do nothing are not working in the best interests of the People.

Thank you for your time.

Dear Ms. Ochoa,

I recently learnt that the Old Post Office Pavilion in D.C for the Trump International Hotel. Not only does this cozy relationship violate the Constitution, it violates the lease which states, "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom...". Senators Elizabeth Warren and Tom Carper have written a letter asking the GSA to protect our taxpayer dollars and require Mr. Trump to fully divest from the hotel.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am writing to express concern about Donald Trump's lease on the Old Post Office. This presents a clear conflict of interest for a President to be in a business deal with the government he will be running. The GSA must request that Trump and his family truly divest themselves from this investment. It is not sufficient that they simply excuse themselves from management.

This conflict of interest is a threat to our democracy.

Dear Ms Roth and Ms Ochoa, I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. Thank you for your consideration in this matter,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. Your office is responsible for detecting and preventing fraud and mismanagement in the GSA. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The lease states: "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

The GSA needs to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your consideration of this issue.

I am an American citizen concerned about the conflict of interest with President-Elect Trump and the Trump Hotel. I am writing today to ask the GSA to immediately terminate

the lease for the Trump Hotel, at the former post office, in Washington, D.C. The President Elect is in clear violation of the terms of the lease, which states that no elected official may have any interest in the leased property.

---

Dear Ms. Ochoa,

I am writing to ask that the GSA immediately end its business relationship with Donald Trump and his children surrounding the lease on the Old Post Office Pavilion in DC, and for your department to open an investigation into the extent of that relationship. It is a massive conflict of interest for the US government to be leasing property for the President of said government to use in his business, and unless Trump divests fully from his companies I expect this relationship to end immediately in order to protect my tax dollars. Placing his companies in a "blind trust" run by his children does not count. I trust that your office will work to immediately end any business relationship between the GSA and Trump in order to protect our democracy.

I am writing to urge you to exercise oversight over the lease between the President-Elect and the Old Post Office. Mr. Trump stands to enrich either himself or his family by holding a lease for the Old Post Office at the same time he is head of the Executive Branch. Even if Mr. Trump were to cede business control to his children, the conflict of interest remains. Mr. Trump is seeking to enrich himself and his family on taxpayer funds through this relationship. Please protect the integrity of the GSA and our taxpayer dollars.

Dear Mrs. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. I am asking that the GSA **immediately ends** its business relationship with Donald Trump and his family because it presents a clear and unprecedented conflict of interest.

If Donald Trump refuses to divest fully from the hotel or tries to place his business in the control of his children, this is the only option to protect the building's GSA administers and serve the best interests of the American people.

Also, based on the agreement's express terms, Mr. Trump has breached the contract (or will on January 20).

*"No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."*

The language could not be any more specific or clear. Donald Trump will breach the contract on Jan. 20, when, while continuing to benefit from the lease, he will become an "elected official of the Government of the United States."

Sincerely,

Dear Ms. Ochoa:

I am contacting you regarding Donald Trump's lease for the Old Post Office Pavilion. I would like to know what the GSA plans to do to protect American taxpayers' money if the President-elect refuses to do the right thing and fully divest from the hotel or if he tries to place it in his children's control? This issue concerns me as I see a serious conflict of interest that threatens our democracy. We've already seen reports that international diplomats plan to stay at the hotel as a way to curry favor with him, so this is an urgent issue to address. Consequently, I urge the GSA to end its business relationship with Donald Trump and his family.

Subject: Conflict of Interest: Trump's Lease on the PO building

---

Dear Ms. Roth and Inspector General Ochoa,

I am writing about President-elect Donald Trump's lease for the old post office building. I'm highly concerned about the conflict of interest created by diplomats staying at this hotel to

curry favor with the Turmp administration.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children? He has already blurred the boundaries between his personal business interests and the office of President, with his children as willing participants.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Regards,

I am an American citizen. I'm writing today to express my concern about the conflict of interest between President Elect Trump, his family members, and the lease of the Old Post Office Pavilion. Since the President Elect is in clear violation of the terms of the lease, which states that no elected official may have any interest in the leased property, I am asking the GSA to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your time.

Hello,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the plan to protect taxpayers if Trump doesn't divest fully from the hotel or tries to place his company in the control of his children? I am asking you to immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy and is very concerning to me. We need to hold Donald Trump accountable for dealing with his financial holdings in a way that's in accordance with our Constitution.

Thank you very much.

Hello Denise Roth and Anyone Else Reading This Email,

Back a few years ago when it was announced that Donald Trump's organization had won the lease for the Old Post Office Pavilion, I was appalled that such a marvelous structure would become another of his over-the-top-tasteless hotels. Now it's clear that tackiness is the least of our problems.

Already it has been reported that foreign diplomats are directing people to stay at the new hotel as a way to curry favor with President-Elect Trump. I wouldn't be surprised to see the hotel using this as a marketing tool. Already Trump has been bragging about how his political success benefits his business interests.

It's incumbent on the GSA to prepare to void that lease as soon as Trump takes office. His "stepping away" from his companies will be a sham, as are so many things involving Trump. Having his children in charge of his businesses doesn't mean that he won't benefit financially from the diplomats staying at this hotel.

Please do the right thing.

Sincerely,

Dear Administrator Roth:

I am writing to ask that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. It is inappropriate and unacceptable that the Trump brand is tied up with political and security related issues. Donald Trump needs to immediately divest from all his business interests with any potential to influence his decision making as President.

Please ensure you play your role in avoiding any potential conflicts.

Dear Carol F. Ochoa:

A segment on NPR's 11/29/2016 broadcast of "All Things Considered" featured Steven Schooner, professor of government procurement law at George Washington University, in which he makes a compelling case for why the General Services Administration should end the Trump Organization's lease of the Old Post Office Pavilion.

I hope your Office will do everything it can to see that the GSA ends its relationship with Trump (and family) immediately, in order to protect tax payers from this conflict of interest. Short of this, how else would the GSA ensure America that democracy would not be threatened by such a relationship?

---

I am writing today with grave concern about how the General Services Administration (GSA) intends to protect taxpayer dollars and address conflicts of interest in its business relationship with President-elect Donald Trump and his family. I understand that under the terms of a lease agreement GSA executed with affiliates of the Trump Organization to redevelop and manage the Old Post Office building in Washington, DC, it is likely impermissible for this

relationship to remain in effect while President-elect Trump is President. I have have expectation as a tax-paying American, that the GSA should immediately take steps to identify and mitigate any potential conflicts of interest relating to its lease agreement with President-elect Trump, including removing itself from the agreement to avoid any violations of law.

This is not a gray area. Clearly, Mr.Trump must divest completely from this hotel. I am relying upon your office to be sure the GSA attends to this matter in order to protect my taxpayer dollars.

---

Hello, I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. I am concerned about what the GSA is planning on doing to protect our taxpayer dollars if Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. I am asking that the GSA immediately end its business relationship with Donald Trump and his family due to its apparent conflict of interest and its threat to our democracy.

Thank you for your time.

Sincerely,

Dear Ms. Ochoa,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. This is illegal, unconstitutional, and unethical, and as the Inspector General for the GSA, you are responsible to the citizens of this country, not to buckling under the bullying of Donald Trump. Please let me know what you plan to do to remedy this situation in a lawful, constitutional and ethical manner.

Hello. I am a voting American citizen and taxpayer, writing to request that GSA terminate the lease on the old post office in Washington DC. Now that Mr Trump is a federally elected official, he is in violation of the lease agreement. Please help America see separation between our national interests and Mr Trump's personal financial interests.

I am writing today with a serious concern about President-elect Trump's financial interest in the Old Post Office Pavilion. Without fully divesting from the Trump International Hotel, the the President-elect's lease of the building provides a serious conflict of interest that violates the terms of the agreement.

How does the GSA plan to protect the public interest if Trump fails to fully divest, or attempts to dodge the issue by placing the company in the hands of his family? I would like to see the GSA immediately end its business relationship with the Trump family to prevent even the appearance of corruption.

Good morning,

Please end the GSA business relationship with President Donald Trump immediately. Donald Trump has not created a blind trust and appears to be making plans to turn things over to his children. This is completely unacceptable. He may be unconventional, but he is working,

now, on behalf of the American people and he can not also continue to pursue his own business interests at the same time. It is inappropriate for him to play games on our dime. The GSA must hold him accountable if he won't hold himself accountable by revoking his contract until he is accountable. He does not want to be transparent and that will be the death of our democracy. GSA must protect us from his action or lack of action. Of course, if he does the right thing, and truly divests himself and his family from his business interests there would be no need to revoke the contract. Many Americans are watching.

Dear Inspector General Ochoa,

I am emailing today about President-elect Donald Trump's lease for the old post office building. I would like to know what the General Services Administration is planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children? I am asking that the GSA immediately end its business deals with President-elect Trump and his family. It presents a conflict of interest that threatens our democracy. I feel that your office should oversee this issue and make sure that this is handled properly.

I appreciate your understanding and action in this matter -
